LIBERALS ANGERED.

Lore's Threatening Pinar del Rio.

Says Authorities Are Deceiving the Americans and Concealing Arms.

Tells Gov. Sobrado Latter Has no Authority Over "Anyone."

Disarmament Nears Completion—Maj. Ladd Meets With Obstruction.

(BY DIRECT WIRE TO THE TIMES.)

Pinar del Rio, Oct. 5.—[Exclusive Dispatch.] This city is practically in a state of siege, with a temporary truce now obtaining.

Bands of armed Liberals are camped along the main roads, and may remain where they are for several days more without surrendering their arms.

They are disheartened at the attitude of the officials, and do not wish to put down their rifles until they know that all the arms actually in the hands of the government have been safely transferred to the Americans.

Each side fears and distrusts the other, so that there is constant danger of a collision.

LIBERALS AWAIT GUERRA.

The Liberals are awaiting the arrival of Pino Guerra, who has sent word that he will be here tomorrow or the next day to take charge of the disarmament arrangements. Whatever he directs will be done without question, though the military leaders under him speak very bitterly.

LORE'S THREATS TO ATTACK.

After a talk with Gov. Sobrado today, Gen. Manuel Lore, commanding the Liberal forces, left in high anger, and it is said that he threatened to attack the town and oust the officials.

The Governor is quoted as declaring that two companies of United States marines now here, under Capt. McKelvey and Carpenter, were subject to his orders. Lore replied that Sobrado was "farical," and that the Governor had no authority over anybody.

Both told their grievances to Capt. McKelvey, who promised that neither side would have any advantage.

Lore told a newspaper correspondent that the government is not acting "on the level," and that an attempt is being made to deceive the Americans by surrender of part of the arms and concealment of the rest.

MCKELVEY PROMISES SEARCH.

Capt. McKelvey promised to accept the assistance of Lore to discover and take possession of all hidden arms belonging to the present government. Meantime, a very small number of volunteers is being mustered out of service, as the Governor says he believes that if his forces become too weak, Lore would attack him.

Two companies of marines arrived here Wednesday morning.

LADD MEETS OBSTRUCTION.

BUT GETS THE GUNS.

(BY THE ASSOCIATED PRESS—P.M.)

HAVANA, Oct. 5.—The disarmament operation conducted today in Western Havana by Maj. Eugene F. Ladd of the disarmament commission was not all smooth sailing. After disarming Gen. Castillo's personal escort, which produced fifty guns, Maj. Ladd proceeded to disarm the men of Del Castillo's brigade commands. At Santiago de las Vegas, Maj. Ladd was told that his force of 500 had already dispersed, but that 150 guns would be turned over this evening. When Maj. Ladd returned, however, only forty guns were forthcoming.

Maj. Ladd suspected the subordinates of concealing weapons, and threatened to take the matter up with Gov. Taft. The subordinates at once promised to produce the remainder of the guns.

GUAS WEPT.

The forces under Gen. Guas were disarmed at San Antonio de los Baños. Gen. Guas wept over the fact that he had to default in his promise to his followers that they could keep their guns. He said, however, that he was willing to do this to show his confidence in the intentions of the American government.

CLASHES ARE RECENT.

Gen. Guas has promised to disarm the forces of Rodolfo and Rafael Castillo, his subordinates, who are camped 500 strong near Guirica. Detachments of these forces have been several clashes during the past two days with 300 government volunteers stationed at Guirica. As a result of this ill-feeling, the families of Guas's followers residing in Guirica have been badly treated by the volunteers. The men disarmed today do not dare to return to Guirica. Maj. Ladd has promised to report this matter to Gov. Taft.

Mabelle Gillman bedecked with diamonds and pearls

COREY'S LOVE

SIDE-TRACKED.

FAIR CALIFORNIAN SWITCHES HER AFFECTION.

She of the Diamonds and Pearls Forsakes the Steel Magnate, Who Keeps the Cable Warm Smooching Her—Mabelle Gillman, Juliet of Another Romeo—Last One Also Rich.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Oct. 5.—[Exclusive Dispatch.] Word has come from Paris that Mabelle Gillman, the actress with whom William E. Corey is said to be infatuated, has deserted Corey's banner and transferred her affections to the scion of the Riggs banking family, Washington, D. C., who founded what is now the Riggs National Bank.

The favored one, at present, is said to be Walter Riggs, now in Paris attending upon the fair, bejeweled Californian.

Corey is reported to be furious, and to be keeping cables hot with messages. Fair Mabelle, however, continues blithely on her way, regardless of the lavish expenditure of steel trust money.

She is taking long auto excursions with young Riggs, who is an expert motorist.

FRAUD SCHEME

KNOCKED OUT.

POSTOFFICE DEPARTMENT MEN DISCOVER BUNCO.

Order Issued Denying the Use of the Mails to Two Alleged Concerns in Los Angeles Engaged in Praying Upon Credulity of Eastern People Interested in California.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON (D. C.) Oct. 5.—[Exclusive Dispatch.] S. G. Skinner, who is understood to have fled from Los Angeles recently for implications in a robbery, was hit hard by the Postmaster General today when fraud orders were issued against the California Advertising Company and the Silk Jobbers Company, both of Los Angeles, which Skinner operated.

The advertising company promised a free trip to California and advertised to send Los Angeles views, weather reports and printed matter for twenty-five cents by post. The Postmaster General today when fraud orders were issued against the California Advertising Company and the Silk Jobbers Company, both of Los Angeles, which Skinner operated.

Persons answering the advertisements were told that to secure a free trip to the coast they must furnish the names of 300 persons who would send twenty-five cents each for similar stuff. The department held that this was impossible to demand and decided the scheme was just as much a lottery as an endless chain. Therefore the concern was denied the use of the mails.

Skinner's other scheme to catch suckers was to advertise in eastern papers to send five yards of silk for \$1. "To introduce our fine new colors," upon receiving the dollar, Skinner sent three yards of embroidery silk which the department says can be bought for five cents each, or forty-eight cents per dozen anywhere. This scheme was pronounced a rank fraud.

IGNORES MYSTERY.

FUEBLO (Colo.) Oct. 5.—[Exclusive Dispatch.] When in California recently Dr. Augustus Sanguist disappeared. Today he returned home. He offers no explanation of the mystery.

DROP TO DEATH

WITH BRIDGE.

Party of Students Plunged Into River—One Dead, Several Hurt.

(BY THE ASSOCIATED PRESS—P.M.)

MENOMINEE (Mich.) Oct. 5.—While a party of twenty-five students of Oconto, Wis., high school were standing on a foot bridge of Oconto Falls, Wis., today, watching the falls, the structure collapsed, hurling the whole party forty feet into the stream.

W. Ballou, aged 14 years, was killed, and Viga Sentil, Hazel Denten and Frank Denley seriously injured. Prof. Newcombe, the instructor, was badly hurt, and several others were slightly injured.

The bridge was 200 feet long, but the water in the stream is only three feet deep. Twenty-five other students had left the bridge just before it fell.

WIND DEMONS FLY IN DEADLY CYCLES.

Sunny Southern Sections Violently Torn By a Wrackful Series.

Whirling Devastators Lay Out Dead and Injured People in Parishes Around New Orleans and Mangle Property Worth Over a Million—Baton Rouge and Pontchartroula Mourn the Vistations.

(BY THE ASSOCIATED PRESS—P.M.)

NEW ORLEANS, Oct. 5.—This region today was the center of cyclonic disturbances, at least three of which were tornadoes, which caused a loss of six lives, with nine persons fatally injured. About daylight, heavy storms broke within 100 miles west, north and east of New Orleans. Tonight reports of sugar cane and cotton crops blown down and sugar mills demolished are coming in from this section.

The damage, including that done in New Orleans is placed at over \$1,000,000. The worst of the tornadoes was north of New Orleans, where, between 5:30 and 7 o'clock, it devastated portions of three parishes. New Orleans was visited by another tornado, and a third passed northward of Biloxi, on the gulf coast.

STRIKES WEST BATON ROUGE.

The first tornado struck West Baton Rouge parish about 6 o'clock, killing Mrs. Theodore Foret and her daughter, Mrs. White. Two more were injured in the collapse of a sugar mill on the St. Daphne plantation. Baton Rouge was slightly damaged.

In St. James parish, one woman, whose name has not been learned, was killed, and Mrs. H. R. Weber and daughter, Mrs. John Meyer, and a negro were reported fatally injured. Fifteen buildings were blown completely down in this parish.

KILLING AT PONTCHARTRULA.

At Pontchartroula, which the tornado reached about 7 o'clock, George Hawes and son and a daughter were killed by the collapse of their house, and another child of the family was fatally injured.

A negro was also fatally injured there, and injuries were sustained by a dozen other persons.

STRIKE NEW ORLEANS.

The third tornado struck New Orleans about 8 o'clock. Although no lives were lost here, property damage reached \$500,000, and about fifty persons were injured, one fatally. Fully eight hundred buildings were damaged, about seventy-five being blown down. Most of the damaged buildings were negro cabins, and it was here that nearly all of the injuries occurred.

PATH OF TORNADO.

The path of the tornado through the city was about eight miles long, entering from the Mississippi River at Audubon Park and traveling northwest to Marengo and Carondelet streets, and then, after a circuitous course, to Garvier and Magnolia streets, it passed northward out of the city. In places the storm's path was about thirty feet wide, and only at two or three points did it reach a hundred feet.

COURSE WAS UNULATING.

The tornado here appeared at a distance as a cloud sweeping the surface of the earth. Its course was unulating, some buildings being skipped over as it bounded skyward. Frequently it demolished verandas and fences on one of the streets, while an object on the other was disturbed. The cloud occupied several minutes in crossing the city, and hundreds of persons who saw and heard it approaching had time to run out of its pathing.

CAR'S EXCITING RACE.

An exciting race was made by a Carondelet car which was loaded with passengers on their way to work at Marengo street, the motorman threw on full power. The ying car was less than half a block past the Jal Alai Roller-skating rink when that structure went down. Another street car was derailed. A small negro girl was blown down so far across the new

basin canal as to be rescued by persons on the opposite bank.

CHARITY HOSPITAL SAVED.

The saving of the Charity Hospital from more than nominal damage was attributed to a big gas tank which stood between the hospital and the tornado. The tornado struck full against the tank which withstood the shock although its iron sides were bent by flying timbers. A curious fact is that the big tank marks the last place in the storm's pathway where serious damage was done and the many eye witnesses say that the cloud rose and disappeared after striking this obstruction. There were several forewarnings of the storm. Last night on Lake Pontchartroula, a water spout demolished a frame club house of the Angiers Club, tearing it apart almost board by board.

At Biloxi, Miss., the tornado swept through the woods, demolishing part of a lumber train and injuring two men.

BUILDINGS DESTROYED.

Among the buildings destroyed are: Illinois Central warehouse No. 1, blown down.

The Western Union Telegraph Company lost its wires along the Mobile and Ohio railroad, about twelve miles north of Mobile. No loss of life has been reported, and owing to the thinly-populated country, it is hardly probable that there will be any. The tornado cut a swath 100 feet wide, and felled much timber.

The Western Union Telegraph Company lost its wires along the Mobile and Ohio railroad, about twelve miles north of Mobile. No loss of life has been reported, and owing to the thinly-populated country, it is hardly probable that there will be any. The tornado cut a swath 100 feet wide, and felled much timber.

WARD BUMPS THE MACHINES.

Assessor Tells Why He Is an Independent.

Says Railroad Offered Him a Roll of Money.

Dr. Lamb and Others Speak at Hollywood.

Ben E. Ward, independent candidate for County Assessor, gave a luminous illustration of the political methods of the Southern Pacific Railroad, and several other candidates of the non-partisan county organization spoke at a representative enthusiastic meeting of citizens last evening at Wilcox Hall, Hollywood.

It was the first time that Ward had explained in public why he did not seek the Republican nomination at the Venice convention. His disclosure created a sensation.

"The Republican party still thinks it has a hold on me," said Ward, "and the party, as such, does have a hold. I have not renounced my Republicanism one whit, but that gang which masquerades as Republicans at Venice has no claim on me."

"I am an independent candidate, and some people wonder why. I had two reasons for not going before the Venice convention. One was that I decided at the last election never again to go before a convention. I know that all of my \$100 assessment for campaign purposes, excepting only \$30, was used to secure the election of my Democratic opponent."

"The other reason was that during the last twelve months the gang who have control of the Republican party today have been busy in seeking a man to take the nomination for Assessor; hunting for a Moses to lead them out of the land of their political and financial bondage."

"My efforts have been along far and consistent lines; to make people pay their just and equal proportion of the taxes—no more and no less. Eight years ago, just forty-eight hours after my nomination, I was called on by a representative of the Southern Pacific Railroad and asked me how I was fixed financially so that I could pull through all right."

"I said that, while I was not entirely broke, I was somewhat bent. I added, however, that I had made arrangements so that I could pull through all right."

"He said he hoped I had not gone in too deep, but that his people wanted to assist me to the extent of \$100 or more."

"They found out they could not use me, and they never have tried to do so since that time. I never have told this fast to an audience before."

Ward's talk was warmly received throughout his discussion of the tactics of the machine, and of the work and importance of his office.

BROTHERHOOD'S STAND. He was followed by T. W. Brotherton of Hollywood, candidate for State Senator from the thirty-fourth district. He said he never had been a candidate for office before and he had not sought to be a candidate on this occasion.

"I came before you as a Republican," said Mr. Brotherton. "I cast my first vote for Ulysses S. Grant for President, and my last for President Roosevelt, but I believe the time has come when each Republican shall see for himself, in the words of the late George William Curtis, editor of Harper's Weekly, 'I carry my sovereignty under my hat.'"

"It has been the habit of my life whenever the Republican party has put up a man for office whom I considered totally unfit to be entirely honest, I am not leaving my party. In 1901 I shall vote for President Roosevelt if he is nominated."

"The next thing to being a good party man is to be a good citizen. The duty of a good citizen is to attend the caucus, to attend the primary, to attend the convention, and to vote."

"We want a revolution. Not a revolution of guns, but a revolution at the ballot box."

DR. LAMB IS CHEERED. Dr. W. A. Lamb, independent candidate for Supervisor of the Third District, was greeted with applause when he was introduced by E. D. Taylor, chairman of the meeting.

Dr. Lamb minced no words in telling of the treachery of gang politicians at the primaries and at the Venice convention. He said that the Venice convention was more than enough delegates pledged to insure him the nomination, but that many of these delegates, sent to the convention for the express purpose of voting for him, had, upon the dictation of the Republican party bosses, broken their pledges.

The candidate said that, while he had always belonged to the Republican party, he felt that when that party was dominated so completely as at present by scheming gangsters in this country, it was time for all good citizens to support the non-partisan ticket.

NILES PEASE A CANDIDATE.

Agrees to Make Non-Partisan Race for Councilman from Fourth Ward.

Niles Pease will be the candidate on the Non-Partisan Citizens' ticket for Councilman from the Fourth Ward. He agreed yesterday to enter the race.

Mr. Pease was approached several weeks ago by members of the Non-Partisan City Central Committee and was tendered the nomination. He took the matter under consideration and now has decided to accede to the wishes of the members of the committee.

The long and honored career of Mr. Pease as a business man and as a citizen makes him a peculiarly strong candidate for the office. He will enter into the campaign with energy and with the certainty of earnest support by the voters of his ward.

PICK WALLACE FOR COUNCIL.

REPUBLICANS OF FIFTH WARD VOICE THEIR CHOICE.

Out of Four Candidates Up for Approval at Well-Attended Meeting, He Received More Votes Than All Others Combined—Non-Partisan, Too, May Select Him.

A. J. Wallace received a rousing endorsement for Councilman from the Fifth Ward at a meeting of Republicans last evening at Twenty-third and Hoover streets. One hundred and fifty voters of the ward were in attendance, and a vote on the choice for Councilman showed 74 for Mr. Wallace, as against 44 for the nearest competitor.

Mr. Wallace already has been suggested as the possible nominee of the non-partisan City Central Committee, and should be named by that body, as well as by the delegates to the Republican city convention, his election would be a matter of course.

Last night's meeting was an adjourned session of a gathering of Republicans at the same place Wednesday evening, when a Committee was appointed to make an impartial report of the names of various men seeking the Councilman nomination, together with those willing to make the race.

From the list of names, the committee reported a plan approving his national accountancy, especially his efforts toward carrying out the provisions of the anti-trust and interstate commerce laws.

GREETINGS TO THE PRESIDENT. The platform expressed special commendation of the President, greeting him as the man "who has exposed unscrupulous public without pity and punished it without mercy, and as a potent influence for peace in the world and wise and successful leader in the interest of the whole people."

OTHER PLATFORM PLANKS. The administration of Gov. Gildred was approved. The public ownership of railroads was opposed. Sympathy was expressed with the "suffering and outraged Jews in Poland and Russia, although with a sense of profound regret that the legislation of the United States should have been so free from the innocent blood of Americans of African descent."

The plank dealing with the disfranchisement of the negro in the South urged enforcement of the Fifteenth Amendment to the Constitution as "the only way to secure the rights of the colored people."

TARIFF PLANK DEMANDS. The tariff plank was less favorable to pronounced tariff changes than that accepted at last year's convention, which advocated immediate action.

There were murmurs on the part of some of the Hart followers to the effect that the vote did not count for anything; they said they would make themselves heard more emphatically at the primaries on the 23rd inst.

Mr. Young is friendly to the candidacy of Mr. Wallace and it is likely that the former may retire from the race in favor of the latter.

Prior to the taking of the vote a letter was read from M. M. Willits, president of the First National Bank and a member of the committee on candidates, in which he recommended Mr. Wallace highly for the office of Councilman.

Lyman Farwell was chairman of the meeting, which is to be followed by others, and it is the intention of those at the head of the movement to form a permanent organization for the purpose of rallying the Republican vote of the ward in an effort to bring out a full vote at the primaries and at the city election in December.

TO RECALL COUNCILMEN. PETITIONS OUT IN SEATTLE. (BY DIRECT WIRE TO THE TIMES.) SEATTLE, Oct. 5.—[Exclusive Dispatch.] Municipal ownership advocates, disappointed because the City Council will not re-submit the municipal ownership question in fragments, have started a circulation of petitions demanding the recall of eight of fifteen Councilmen.

GILLET IS CHEERED. APPLAUSE HINDERS SPEECH. (BY DIRECT WIRE TO THE TIMES.) SACRAMENTO, Oct. 5.—[Exclusive Dispatch.] Gubernatorial Candidate Gillett spoke tonight to an immense audience in the old pavilion. He received with ready and sustained enthusiasm, and he spoke amid applause that at times was almost embarrassing.

FOSS BEATEN IN BAY STATE.

BLOW AT IMMEDIATE TARIFF REVISION DELIVERED.

Massachusetts Republicans Adopt Platform Calling for Such General Changes as May Be Necessary "From Time to Time"—Curtis Guild, Jr., of Boston Renominated.

(BY THE ASSOCIATED PRESS—A.M.) BOSTON, Oct. 5.—A blow to immediate tariff revision and to the champion of increased reciprocal trade schedules, led by Eugene M. Foss, was delivered at the Massachusetts Republican convention, which adopted, without remonstrance, a platform calling

pendence League candidate for Governor, had his attention directed today to a published statement by P. P. McCarran, Democratic organization leader of Brooklyn, that if Hearst persists in having Independence League candidate Charles E. Felt in Kings county there will be a plurality of 75,000 against him in Brooklyn.

The question of whether Brooklyn goes 15,000 one way or the other is for the citizens of Brooklyn to decide, and not for Mr. McCarran to decide, said Hearst, who is the utmost consideration of the wishes of the citizens of Brooklyn, and none whatever for the wishes of Mr. McCarran."

EMPIRE STATE CAMPAIGN. HUGHES EMPHASIZES FACTS. (BY THE ASSOCIATED PRESS—P.M.) NEW YORK, Oct. 5.—The New York Republican State campaign was formally opened in this city tonight, with a ratification meeting that attracted a greater crowd than could be accommodated in Carnegie Hall.

Hundreds of persons gathered in the adjacent streets to greet the candidates as they arrived and to give them a noisy send-off as they left.

The election of the gubernatorial candidate, made the principal speech. The usual campaign enthusiasm found expression in shouts of music, cheers and shouts of personal compliment, accompanied with the waving of banners and hats.

Several matters touched upon in his letter of acceptance were elaborated by Hughes, and he again emphasized the question before the voters is one of good citizenship, rather than of politics.

SMITH ON TOUR. TALKS AT ANAHEIM. (BY DIRECT WIRE TO THE TIMES.) ANAHEIM, Oct. 5.—[Exclusive Dispatch.] Congressman Smith opened his campaign here tonight by delivering an address on the political issues of the day at an open-air meeting to a large audience. He spoke of the work of California Representatives in Congress the past year, of the heavy appropriations secured, and urged Republicans to support the ticket, thereby insuring the administration. After the meeting a reception was given at Odd Fellows' Hall in honor of the Congressman.

MCCARRAN BOLTS HEARST. RESENTS THE "INDEPENDENTS." (BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 5.—[Exclusive Dispatch.] Today's developments in the State political situation afford strong evidence that State Senator Patrick McCarran, has bolted Hearst. When it is ascertained that McCarran is Standard Oil's agent in the Albany Legislature, there appears good reason to believe that McCarran, who is a Hearst supporter, has bolted Hearst.

There are several days remaining between now and election in which other powerful corporation interests in this State may play a hand. It is evident that McCarran could not control the Independence League to nominate McCarran when he gave order for the Independence League to nominate McCarran.

The announcement of this policy was made by Hearst in Chatham, Columbia today, after learning that McCarran had sent a letter to him protesting against the reported intention of the Independence League to place a third ticket in the Kings county and threatening Hearst with a plurality of 75,000 against him there if the Independence League should carry out Hearst's plan.

POLITICAL BRIEFS. "Lily White" Loses Right. MONTGOMERY (Ala.), Oct. 5.—Atty.-Gen. Wilson today rendered an opinion that the "Lily White" faction of the Republican party in Alabama must not use the party emblem in the November election.

THE POLITICAL WATCHTOWER. A train of automobiles will be the unique feature of the opening of the Republican State campaign in Los Angeles county, when the party nominee for Governor, James N. Gillett, will arrive here.

When he arrives in Los Angeles at 2 p. m. Thursday morning from his headquarters in Berkeley, he will be met by leading Republicans, and after a brief stop here he will start with his supporters and friends for Pomona, where Mr. Gillett will make his first campaign speech in this section.

Accompanying him on the trip will be a large number of party workers, together with members of the Republican County Central Committee and others who may desire to make the journey.

The party will travel in automobiles, and it is expected that probably twenty-five machines will be required to transport those who wish to go. The meeting at Pomona is to be held in the afternoon, but after the thither the auto campaigners will make brief stops at Alhambra, Monrovia, Azusa, Covington, Glendora, and other places, where voters will have an opportunity to greet Mr. Gillett and possibly to hear a few words from him.

From Pomona, where the meeting probably will be held out of doors, Mr. Gillett will speak to Riverside. On the following evening he is to address a meeting at San Bernardino, and on Saturday night he will meet and speak to voters at San Diego. On Sunday he will rest; Monday noon he will talk to the voters at Pasadena.

On Tuesday afternoon, the 18th inst., a reception will be tendered to the gubernatorial candidate at the Alexandria Hotel in Los Angeles. At that time, evening he will speak to a large meeting of the Latin-American Republican League, and at 8 o'clock at a mass meeting at Simpson Auditorium.

At noon of the 17th he will speak at Long Beach, and in the evening at Brea. The latter meeting ending his tour in Southern California so far as now determined upon.

It looks as if there would be a failure of the plot of some scheming Democrats and Republicans to place the election of S. T. Eldridge on the Democratic ticket as that party's nominee for Supervisor of the Third District. Eldridge and his many Democratic henchmen, under the direction of "Tom" McCaffery, local Democratic boss of the Southern Pacific, are aided and abetted by United States Marshal Youngworth and other Republican machine friends of Eldridge, to place the latter on the Democratic ticket to fill the vacancy caused by the supposed withdrawal of Martin C. Marsh, the regular Democratic nominee.

Morris and several of his friends, claiming to be the Supervisorial convention committee on vacancies, had got together and decided on Eldridge as against Dr. W. A. Lamb, the independent candidate. They prepared the certificate of nomination, but when they attempted to file it they found that there was no official record of the withdrawal of Marsh. They were told first to secure this withdrawal, which it would be proper to fill the expected vacancy.

The certificate of nomination must be filed today, the last date for the filing of party nominations, but it is extremely unlikely that this will be done. The reason is that the better element of the Democratic party, which favored the endorsement of Dr. Lamb's candidacy, has possession of the machinery through which the withdrawal of Marsh was made. This element of the party is opposed to the candidacy of Eldridge, and will make every effort to keep his name from the ticket, even if it is necessary to have a blank appear opposite the office of Third District Supervisor.

If the vacancy place Eldridge on the Democratic ticket is defeated, his name will appear only in the Independent and as the candidate of the Non-Partisan county organization.

This element of the party is opposed to the candidacy of Eldridge, and will make every effort to keep his name from the ticket, even if it is necessary to have a blank appear opposite the office of Third District Supervisor.

If the vacancy place Eldridge on the Democratic ticket is defeated, his name will appear only in the Independent and as the candidate of the Non-Partisan county organization.

Gillett will carry San Diego county by a plurality of from 2000 to 2500, according to the estimate of Leroy A. Wright, former chairman of the Republican County Central Committee of San Diego, while that of Dr. Lamb will appear in two columns—as an independent and as the candidate of the Non-Partisan county organization.

Republican candidates for county offices will make their first appearance at the campaign headquarters evening at meetings in three parts of the county. The candidates will travel in three groups, each to campaign independently of the other. In Party No. 1 will be James C. Rives, George H. Hutton, H. G. Dow, W. O. Welch, John N. Hunt, and Frank Byron. Party No. 2 will include Frederick W. Houser, Walter Bordwell, W. A. Hamel, Charles L. Logan, Charles H. Hutton, and R. S. Lanterman, and in Party No. 3 will be W. P. James, Charles Monroe, C. G. Keyes, J. D. Fredericks, Mark Keigel, and J. R. Koller.

The first group will speak Wednesday at Downey, the second at San Pedro, and the third at Long Beach. The latter two meetings. The itinerary for the remainder of the campaign had not been completed, except that the candidates will accompany Mr. Gillett in the opening tour of the State campaign Thursday.

DIVORCED TRIO WILL TESTIFY.

Wickes' Blooming Ea-Wives Promise Sensations.

Counsel for Magnate's Heirs to Expose Character.

Post Mortem Disclosures of Pullman Employee.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Oct. 5.—[Exclusive Dispatch.] Three divorced women, each retaining a share of the fortune of Thomas H. Wickes, late vice-president of the Pullman Company, will give sensational testimony in the suit now being brought by his children, two daughters and a son, to set aside the testamentary will.

In the opening statement to the jury in Judge Honore's court, which has been chosen to listen to testimony in the case, Attorney William P. Black, who is counsel for the complainants, said he will go into the three divorces by which the wives of the deceased man obtained decrees, testimony will be introduced, according to the attorney, which will show the character of the Pullman employee.

The fair former wives of the late Pullman magnate, he declares, will show the tremble with their ex-husbands' lives. Black said he would show that Wickes led a vicious life, and that he had a tendency to mental faculties. The first wife, Mrs. Thomas H. Wickes, who is now Mrs. John H. Wickes, and Florence Wickes Johnston, who left a small portion of the estate of their father, the late John H. Wickes, who acted as the Pullman employee's private secretary for many years, received, by the terms of the will, a real estate valued at \$100,000.

WICKES SLAYS CELLMATE.

CHICAGO, Oct. 5.—[Exclusive Dispatch.] During the night, Tom Wickes, a Chicago convict in the Yuma penitentiary, killed a fellow-convict named John Wickes. Both slept in the same apartment, and the Chinaman crept to his bedside and battered his head with a big rock. Wickes, who was a big, burly fellow, was not injured, but his clothes are scattered all over the floor. It is believed Wickes is a convict, as there is no known motive, and he was convicted of murder. Brown served fifteen years.

SETS PRISON SENTENCE.

CHICAGO, Oct. 5.—[Exclusive Dispatch.] A man named Tom Wickes, who was recently found guilty of the murder of John Wickes, was sentenced to three to five years' imprisonment in the penitentiary.

WICKES PRISONER SAFELY.

WICKES PRISONER SAFELY.

CHICAGO, Oct. 5.—[Exclusive Dispatch.] Paul Leavens, a saloon man, stood off a mob yesterday afternoon with a shotgun. The mob, which was led by a man named Tom Wickes, was trying to force Leavens to open his saloon to them. Leavens, who is a well-known figure in the city, was not injured, and the mob was dispersed.

1078 PHONES EXCHANGE 337

The Broadway Department Store

BROADWAY, COR. FOURTH LOS ANGELES, ARTHUR LETTS, PROPRIETOR

SAVINGS TODAY---PRICES TALK

Let them tell why you should be at "The Broadway" promptly at 8 o'clock this morning. We've filled the day full of old-fashioned Broadway values—the kind that have built this into Los Angeles' busiest store. Lowest prices on the goods you want—qualities you can depend on—YOUR MONEY BACK if you want it. Merchandise here is merchandising in its broadest sense. You're the most important factor—we're exerting every endeavor to please you—all the time. Extra endeavors have resulted in WONDERFUL SATURDAY VALUES. Buying begins at 8 a. m. Store open until 6 o'clock.

\$15—A BIG SUIT SURPRISE FOR WOMEN

43 spic-span new Fall suits; just here from their maker; never on display before; suits such as we've seen sold many times at half as much again. Fortune favored us by giving us an inside price on these. We are turning it over to you with full force today.

If you haven't bought your new fall suit yet—buy it now. Pretty, becoming styles in light and dark gray. 34-inch tight fitting jackets, roll collar of inlaid velvet, fly front, lined with satin. Eleven gored skirt, unusually full; all sizes 23 to 44. First big Saturday surprise \$15. Second floor.

25 Women's 7-8 Coats

\$12.00

Bought in a special way. Coats the like of which we've sold at \$25 bought in a regular way. Fine 7-8 effects, made of fancy mixtures, shadow plaid effects with a swell, loose back, trimmed with pretty braid and with turned-up cuffs. Just 25 of them out for the first time today to make buying interest great on the second floor.

125 New Walking Skirts \$3.98

It's the third item in this great quartet of today's values. Such skirts as exclusive stores wouldn't hesitate to ask \$6.00 for. Broadway principles are different.

There's a great variety—stylish tweeds, mohairs, chevrons, herringbones and worsteds, in black and white, blue and white; most every good color and combination, including gray and cream; all sizes.

You'll find the skirt you want here. Save money by buying it today, \$3.98; second floor.

Long Tourist Coats \$7.50

Equal to Many \$15 Values

No need to emphasize the importance of this value. Every woman will appreciate it. Think of buying 7-8 length tourist coats for \$7.50; fine effects, unlined, double breasted, with velvet flat collar, trimmed with silk braids and straps. We had to take every one the manufacturer had or we wouldn't be able to sell them at less than \$15.00. Share them, second floor, \$7.50.

SINEWS, AND
STEEL READY.Racers Await Word in Third
Vanderbilt Contest.Weather Conditions Bad, but
Crowd Pouring in.Italian Team Still Favorites
Against the Field.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Oct. 5.—(Exclusive Dispatch.) Seventeen automobiles, the highest type of American and European workmanship, with seventeen drivers, the pick of the daring and skill of two continents, awaited tonight the signal which at 6 o'clock tomorrow morning is to shoot them forth in the third contest for the Vanderbilt Cup.

The prospects for a perfect race or a perfect day were at midnight, distinctly unfavorable. The spread havoc in the flying army charging upon the circuit. Reports of break-downs began to come into Garden City noon after, and the lucky ones to come through told of cars by the hundreds stalled at the side of the road.

The betting last night was brisk, but no large wagers were recorded. It divided the contestants into nations, making Italy with the Fiat and Italia, favorite at even money. France, because of Houda, was second at 5 to 4, against Germany was 5 to 1, and the United States 10 to 1.

When it came to betting on individuals, Dury was singled out at even money to beat any other one man named, and then they were grouped generally as follows:
Dury, Leno, Lazzaro, Wagner and Heath, 2 to 1 against, to win.
Clement, Jenatly and Wellischoff, 4 to 1.
Tracy, Lutigen, Cagno and Le Blon, 6 to 1.
Shepard 10 to 1.
The rest are not quoted.

IMMENSE CROWDS GOING.
FIFTY THOUSAND IN MACHINES.

(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, Oct. 5.—Eighteen of the motor cars in the world, representing America, France, Italy and Germany will start at 6 o'clock tomorrow morning in a road race of 37.1 miles on Long Island for the cup offered by William K. Vanderbilt, Jr. The pilgrimage of automobile enthusiasts to the scene of the struggle has already begun.

That there will be the greatest crowd on record to view the race is beyond doubt. Every farmhouse and hotel within reach of the course will be filled tonight with men and women. Fabulous prices will be paid for sleeping accommodations. Cots will be placed in the hallways and in stables. Much discomfort will be endured in order to see the great race of giant steel cars.

The Long Island Railroad has arranged to transport nearly 200,000 passengers and as every foot of parking space along the thirty-mile course has been engaged, it is conservatively said that 50,000 persons will journey to the course in automobiles. It is estimated that more than 200,000 persons will be on hand.

The race will start at 6 o'clock in the morning, the cars leaving at one minute intervals. The machine which covers ten circuits of the course in the fastest time elapsed, will be declared the winner of the race.

The result of the drawing for positions at the start was to place America first, France second, Germany third, and Italy fourth. The various teams have drawn among themselves, and the complete order of start is as follows:

No. 1—Herbert Le Blon in a 115-horse-power Thomas, entered by C. A. Coey, American team.
No. 2—George Heath in a 125-horse-power Panhard, entered by Panhard-Levassor, French team.
No. 3—Jenatly in a 125-horse-power Mercedes, entered by Robert Graves, German team.
No. 4—Vincenzo Lancia in a 125-horse-power Fiat, entered by Fiat Company, Italian team.
No. 5—Frank Lawell in a 110-horse-power Peugeot-Milleville, entered by W. J. Miller, American team.

No. 6—Elliott F. Shepard in a 120-horse-power Hotchkiss, entered by E. F. Shepard, French team.
No. 7—W. C. Lutziger in a 120-horse-power Mercedes, entered by George McKesson Brown, German team.
No. 8—Nasrati in a 125-horse-power Fiat, entered by the Fiat Company, Italian team.

No. 9—Joseph Tracy in a 90-horse-power Locomobile, entered by S. T. Davis, Jr., American team.
No. 10—Louis Wagner in a 100-horse-power Darracq, entered by A. Darracq, French team.
No. 11—Ferdinand Keene in a 120-horse-power Mercedes, entered by Fairfax Keene, German team.

No. 12—Cagno in a 120-horse-power Italia, entered by the Italia Company, Italian team.
No. 13—H. N. Harding in a 95-horse-power Haynes, entered by Elwood Haynes, American team.

No. 14—Albert Clement in a 100-horse-power Clement-Bayard, entered by Clement-Bayard Company, French team.
No. 15—Ad Wellischoff in a 120-horse-power Fiat, entered by the Fiat Company, Italian team.

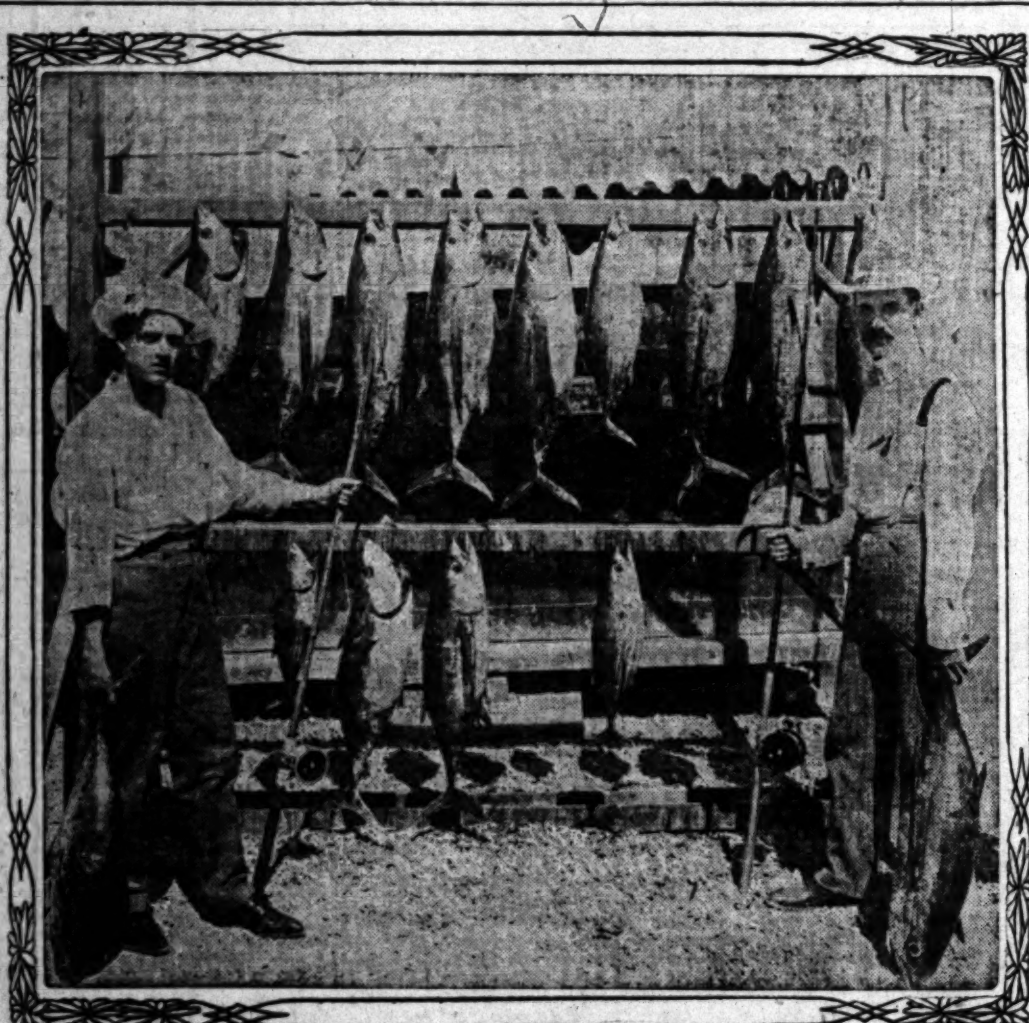

No. 16—Walter Christie in a 50-horse-power Christie, entered by Walter Christie, American team.
No. 17—Dury in a 120-horse-power Daimler, entered by Baron A. de Turekheim, French team.

No. 18—Fabry in a 120-horse-power Italia, entered by the Italia Company, Italian team.
Number thirteen was not allotted.

HYLAND-THOMPSON GO.
Good Lightweights Will Meet at
Colma for Side Bet Within Next
Ten Days.

Word came from San Francisco last night that the fight must have signed fighting Dick Hyland and Cyclone Thompson to battle at Colma one week from next Tuesday for 50 percent of the gate receipts and a side bet of \$1000. The weight to be made is 123, ringside and both boys have gone into active training for the match.

This kind of a fight should pack the house to the doors, for these boys are two of the best light men in the business, and as they are going for that side bet, there will be something worth looking at. Both have given an excellent account of themselves here, and but for the fact that Manager McCarrey had his date book filled for this month he would doubtless have put the boys on here. Thompson fought Nelson twice, and the Dane has a very high opinion of Cyclone's ability.

B. Becerra, Chihuahua's wealthiest mine owner (at right), and Andres R. Munoz, with their catch of nearly a ton of fish at Catalina Island.

Great Race at Lexington Grand Circuit Meet Driven Out in Drizzling Rain—Son of McKinney Was Hot Favorite, but McHenry's Horseman Wins.

(BY THE ASSOCIATED PRESS—P.M.)
LEXINGTON (Ky.), Oct. 5.—Nut Boy, heavily backed by the New England contingent, won the Eighteenth Transylvania in a drizzling rain this afternoon at the Kentucky Trotting Horse Breeders' Association meeting. The victory was brilliant, but much of the ease with which the son of Nut defeated his large field was due to the generalship of Myron McHenry, who drove him. He kept his horse in a good position in each heat, and chased the other horses through the stretch, beating them to the wire. After the first heat it was seen that the favorite, Mack Mack, was beaten. Nut Boy won nearly every important stake for aged trotters on the Grand Circuit this year.

The 2 1/2 class trot was postponed on account of rain, which came up during the last heat of the Futurity. Results:

First, Transylvania Stakes, \$3000, 2 1/2 class trotting, three in five heats: Nut Boy won three straight heats in 2:08, 2:07 1/2 and 2:09. Embo, Mack Mack, Charley Bolden, Milardo, Allie Jay, The Phantom, Monome, Marquette O., Lake Queen, Solon Grant and Brilliant Girl also started.
Second, pacing, Futurity, \$3000, three-year-olds, three in five heats: Bredda York won three straight heats and the race in 2:10 1/2, 2:09 and 2:14. Kelly, Flora Directum and Waverly also started.

George A. Graves and Charles H. Traister, both of Boston, purchased the Nut Boy for \$10,000 from J. R. Bowles of Portland, Or., for \$10,000 the night before the race.

Don Domo Beaten.
LOUISVILLE, Oct. 5.—Churchill Downs results:
First, six furlongs: Royal Legend won, Ladnamme second, Susanne third; time 1:14 2-5.
Second, a mile and a quarter: Morondo won, Ladnamme second, Mack Lyon third; time 2:08.
Third, one mile: Princess Orna won, The Clansman second, Harry Scott third; time 1:40 2-5.

Fourth, the Showee Handicap, seven furlongs: El Oros won, Hannibal second, Don Domo third; time 1:23 2-5.
Fifth, five and one-half furlongs: Froward won, Lady Vimont second, Amity third; time 1:08.
Sixth, a mile and a sixteenth: Shining Star won, The Borgan second, Juba third; time 1:47 1-5.

Far West Is Best.
NEW YORK, Oct. 5.—Brighton Beach results:
First, five and a half furlongs: Loring won, Oraculum second, Gallant Dan third; time 1:07 2-5.
Second, steeplechase, about two miles: Commodore Fontaine won, Ream second, Souvignir third; time 4:23 2-5.

Third, six furlongs: Handarra won, Listless second; time 1:15 3-5; two starters.
Fourth, a mile and a quarter: Far West won, James Reddick second, Tommy Waddell third; time 2:08 2-5.
Fifth, selling, a mile and a sixteenth: Sonoma Belle won, Hyperion second, Wes third; time 1:49 1-5.
Sixth, one mile: Mariposa won, Herman second, Job's Town third; time 1:43 2-5.

(BY THE ASSOCIATED PRESS—P.M.)

STANFORD UNIVERSITY, Oct. 5.—Graduate Manager Sales has scheduled a match for the Stanford freshman Rugby team with the Polytechnic High School of Los Angeles. The date for the proposed contest has not been definitely fixed, but it will probably be played one week after the intercollegiate freshman game.
California will send a Rugby team to meet the preparatory school players of the South.

Locomobile
The Greatest American CarWon 2d place in Elimination Race in 1905
Finished 3d in Vanderbilt Cup Race in 1905

The first and only American car to gain a place in an International Race, defeating 12 out of 14 foreign racers, which performance, through the default of France, kept the Vanderbilt Cup in this country and enabled Americans to again compete for it on their own soil.

NOW WINS ELIMINATION RACE 1906

The Greatest Trial of Speed and Endurance of American Cars Ever Held

Nearly one-half hour ahead of next car.

POMONA TO PLAY
RUGBY CONTEST.WILL GIVE ENGLISH FOOTBALL
GAME A TRIAL.

First Opportunity to Get a Line on New Sport When the Freshmen and Sophomores Meet in Annual Class "Scrap"—Great Improvement in Kicking.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
CLAREMONT, Oct. 5.—The first opportunity to get a line on Rugby football in Southern California will come tomorrow, when the Pomona squad opens its double-header season with the Freshman-Sophomore game. In other years the annual class contest has been played with intercollegiate football; but this season, as nothing but Rugby will be played at Pomona until after the big games with the northern universities, the coaches decided on the English game. As the men have been rounding into shape very rapidly during the week, and acquiring a good working knowledge of the game, a fine opportunity to compare the two styles of play should be afforded.

During the last few days the practice has been light, consisting chiefly of running and passing, scrimmages, and kicking. In this last department, particularly, much improvement has been made, which may prove effective against the northern teams in the big games. The entire squad has improved in its punting, and several remarkably good drop-kickers have been developed. Among the best of these is Lester Metcalf, who will captain the Sophomore team tomorrow. In yesterday's practice he kicked a field goal from about the thirty-five yard line, when about to be tackled.

Training rules for both varsity and class teams went into effect last Tuesday. The regular training-table will start early next week, probably on Monday, as soon as the varsity squad can be selected. In tomorrow's game the regulation forty-minute halves will be shortened to twenty minutes, with a ten-minute intermission. The men assert that the Rugby game is not as tiring or wearing as the intercollegiate, in that there is less opportunity for heavy line work. As the game has developed, since Monday, it has also appeared that there is less roughness possible than in the old style, since so much mork of the work is in the open, under the eyes of the officials.

At Wednesday's practice Freshman Metcalf tore the garments in his sleeve rather badly in a fall, but otherwise the squad has come through the week without injury. Mahoney will probably get into the game tomorrow. This freedom from injury Coach Noble ascribed largely to the fact that the Rugby game is not as tiring or wearing as the intercollegiate, in that there is less opportunity for heavy line work.

Only four players will be used by Holmes against the High School team, and two of these will be the new backs. The new backs having opportunity to block or tackle hard. In the scrimmage, should the scrum fall, there is abundant opportunity for bad twisting, but a good scrum should be able to keep its feet. An English well-trained scrum rarely falls.

The game Saturday will be called at three o'clock. Lester Metcalf will captain the Sophomores, while Art Walden has been chosen to lead the Freshmen.

The new players were tried out secretly by the regular team on the U.S.C. field, last night, and according to those who were in the secret, they appeared to be very successful against the regular team. DIAMONDS

A flawless diamond is undoubtedly one of the best investments one can make. Its value is always increasing. The visible supply is constantly diminishing, and the mere possession of the stone gives a world of satisfaction.

There is absolutely no risk when money is invested in diamonds, the output being controlled by an enormously rich syndicate whose interest it is to keep up prices.

The Cohn method of acquiring diamonds enables us to sell them at lower prices than can other dealers. The Cohn method of testing diamonds assures only the most perfect stones. Come in today. Let us quote you prices.

PORTLAND HITS BALL HARD.

Burns Burns Viciously for Fifteen Swats.

Looose Help the Champs With Many Errors.

Carson Gets Another Bounce Hit Over Fence.

Portland, 12, Los Angeles, 4. You don't need to ask what kind of ball game we're havin' out at the clubhouse these days. Just look up some of the records the fielders almost made yesterday chasing the ball all over the lot, and then wonder why it didn't do something besides snow down in New Haven.

The whole game was just like the madhouse girls when they have "been out" the night before, for the line was very busy trying to keep the ball from hitting the ball. The ball was very busy trying to keep the ball from hitting the ball. The ball was very busy trying to keep the ball from hitting the ball.

Portland, 12, Los Angeles, 4. You don't need to ask what kind of ball game we're havin' out at the clubhouse these days. Just look up some of the records the fielders almost made yesterday chasing the ball all over the lot, and then wonder why it didn't do something besides snow down in New Haven.

M. H. HODGES, who takes Spaulding's place at quarter for Occidental.

AMERICAN LEAGUE GAMES.
NEW YORK IS SECOND.
(BY THE ASSOCIATED PRESS-P.M.)
BOSTON, Oct. 5.—Second place in the final standing of the American League was assured to the New York club by its victory over the tail-enders, today. The winners bunched hits in the fourth inning. Score: New York, 4; hits, 10; errors, 2. Boston, 4; hits, 6; errors, 2. Batteries—Orin, Chesbro and McGuire; Overton and Carrigan.

HAHN'S CIRCUS CATCH.
(BY THE ASSOCIATED PRESS-P.M.)
CHICAGO, Oct. 5.—All of Cleveland's misplays, coupled with two passes, a sacrifice and seven hits, including a triple in the sixth inning, gave Chicago their second game of the victor's final series here, today. A catch by Hahn, who ran near the circus seats in right field for Bernhard's long fly, was a feature. Score: Chicago, 3; hits, 15; errors, 1. Cleveland, 3; hits, 12; errors, 2. Batteries—White, Smith and Towne; Bernhard and Clark.

TWO GAMES TODAY.
(BY THE ASSOCIATED PRESS-P.M.)
ST. LOUIS, Oct. 5.—The Detroit-St. Louis game was postponed on account of cold weather. There will be two games tomorrow.

NATIONAL LEAGUE BALL.
BOSTON BEGINS WINNING.
(BY THE ASSOCIATED PRESS-P.M.)
NEW YORK, Oct. 5.—The Boston Nationals won an easy victory here today. H. Mathewson pitched his first full game but had poor control. Score: Boston, 7; hits, 5; errors, 2. New York, 1; hits, 2; errors, 1. Batteries—Pfeffer and Brown; H. Mathewson and Bowerman. Umpire—Emslie.

POOR YACHTING RULES.
Sir Thomas Lipton Criticizes Regulations Governing International Contests.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Oct. 5.—[Exclusive Dispatch.] Sir Thomas Lipton arrived in Chicago last evening, and straightway announced his intention to try again for the America's cup. The baronet criticized mildly the rules governing the international yachting event.

The men who drafted the rules for the yacht race never realized that the science of boat building would ever progress as it has," he said. "They thought that the race would be between wholesome boats. They never had any idea that boats would be built with speed as the sole object of their construction, so that sailing them across the ocean would be accomplished at a great risk to life. The boats built today are good only for the race, and after that they are not worth a nickel."

"No, I won't give it up. While over here I hope to complete arrangements for another race. I should like to have the cup back in England, and I think it would be good for the sport to have it there for a while at least."

ROWING RACES.
Great Sport Promised the Oarsmen Sunday at Playa del Rey in Gig Events.
The rowing members of the Los Angeles Athletic Club have a treat in sight for their friends tomorrow, as they will have six races at Playa del Rey, beginning at 5 o'clock in the afternoon. The entries to date are: A. W. Routzahn, Leroy P. Swain, Adolph Frankel, Ed Moriarty, A. P. Lazarus, W. G. Isaacs, H. S. Lewis, H. M. Beltsman and F. F. Aldis. There will be three heats in the final.

The four-oared shell for the athletic club arrived from San Diego yesterday and was put in the water at Playa del Rey. It looks to be the goods. An eastern ex-professional named King has issued a challenge to Stone of San Diego to row a race at three-quarters of a mile straightaway, and Stone will doubtless accept the def, if a suitable date can be arranged.

THREE-CUSHION PLAY.
New Tourney Will Be Begun in Two Weeks to Include Best Local Players.

The large crowds of sports that took so much interest in the three-cushion billiard tournament that was played at Berry's rooms the South Spring street several months ago will have another opportunity of seeing the same play in another tourney that is scheduled to begin at Berry's on Monday, October 22. The entrance fee will be \$10 or \$20 per man, and it is expected that the players will be Keniston, Kennedy, Clark, Seymour, McGuire, Simpkins and possibly Walter Johnston and Bob Lacy. If six or eight men enter, Berry will add \$50 to the entrance money, and thus one of the three prizes to be given will be worth playing for.

Such a bunch of players should furnish real three-cushion billiards, for they are as good as any on the Coast. It is more than likely that an invitation will be extended to any players around San Francisco who would care to enter and take a chance at the prizes. Chick Wright and Sigourney might come down.

TYPHOID CLAIMS TWO.
FORT WORTH, (Tex.) Oct. 5.—[Exclusive Dispatch.] Mrs. J. H. Stephens, wife of Congressman Stephens of the Panhandle district, died at the family residence at Vernon yesterday of typhoid fever. One week ago her daughter, Mrs. Townsend, died of the same disease, and the two will be buried side by side.

Give Dr. Graves' Tooth Powder

BIBLE LESSONS.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.

Prepared for The Times by J. S. Kirtley.

SUNDAY, OCTOBER 7.

THE CONNECTION.

It will be recalled that Tuesday, the day of the connection, the students of the Bible school were divided into two groups, one to study the Bible and the other to study the connection. The students of the Bible school were divided into two groups, one to study the Bible and the other to study the connection. The students of the Bible school were divided into two groups, one to study the Bible and the other to study the connection.

THE LESSON.

The connection between the Bible and the connection is a subject of great importance. It is a subject that has been discussed for many years and it is a subject that is still being discussed today. The connection between the Bible and the connection is a subject that has been discussed for many years and it is a subject that is still being discussed today.

ship in his requirements. His will is man's will. There is nothing which he asks of us that does not make for our trust happiness and welfare. So we find our highest destiny in discovering and obeying the will of God.

Our first and last duty to God is obedience. Before He will accept from us either sacrifice or service, He exacts obedience; all the offerings we make to Him must be the expression of obedience—that is His chief obligation.

God's requirements never fall below man's highest possibilities. The lofty and comprehensive nature of His commands are indications of His own greatness and the heights to which He has made it possible for us to rise.

God asks much, but He gives more. His standards are high and rising. He asks of us our utmost, and expects that to grow better. Less than our best is not good enough for Him. It is an offense to His Majesty to offer Him anything that is second rate. It may be poor, but it must be our best.

The English West Indians are said to have the finest system of city missions in the world. The twenty-first annual convention of the Brotherhood of St. Andrew was held in Memphis, Tenn., October 17 to 21. Its membership numbers about ten thousand.

The Bible Teachers' Training School in New York City has invited Rev. Charles Steile, the well-known authority on labor problems, to become the director of its department of Christian socialogy.

One of the Chinese representatives, a convert to Christianity, who will attend the meeting of the centennial of the American Board in Williamstown in October, is a direct descendant of Confucius.

Hereafter on Sunday no visitors are to be received in any of the departments at Peking, thus conforming to diplomatic customs in vogue among European nations, and in the United States in recognizing the Christian Sabbath.

The student classes of South America, numbering 20,000 young men, are said by John R. Mott to be neglected than any other student body in the world. There are but three cities on the entire continent in which branches of the Y.M.C.A. are established.

An instance of good-fellowship between the denizens of the island, as noted at Bar Harbor on a recent Sunday, when a secretary of the Presbyterian board made an effective plea for the American Board of Foreign Missions in its effort to raise the fund of a million dollars, and as a result more than \$1000 was contributed for this purpose.

An unusual business venture is that carried on by the brother-in-law of the Mayor, who, discovering that many people would pay largely for the privilege of having their children baptized with water from the Jordan, has caused large quantities of it to be brought in from Palestine to the city of New York.

A sea-going mission trip is now being built on City Island, near New York City, to be named after the "Auley." In addition to the regular crew it will carry several clergymen, who will minister to the sailors at the docks and in the harbor.

The view has been held that the pearl is a secretion formed, as it were, in self-defense, of a considerable amount of investigation and speculation. Among the more recent studies of the subject may be noted those of M. Saurat, recorded in the "Comptes Rendus." This naturalist finds that in pearl oysters from the Gambia jacoons, on the South Pacific, the pearls are due to a small worm—a sort of "tapeworm."

In cysts on the body and mantle of the oyster he has found true pearls, which he regards as the adult form of the larval worm of the pearl oyster. The author has named this new species of tapeworm *Tylocyphalus margaritifera*.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

East Los Angeles property owners and the Committee on Roads and Boulevards of the Chamber of Commerce yesterday petitioned the City Council to secure rights of way for the proposed mammoth Buena Vista-Downey avenue viaduct.

The East Side Improvement Association asked the City Council to provide more motive power for the Pasadena avenue fire engine, or to seek a new location for the engine house.

The fire department pension board yesterday granted half pay and a three-month leave of absence to Herman W. Scherer, who was injured at the Pacific Planting MHI fire. The Fire Commission granted several permits for motive power for industrial concerns.

The Pasadena, Verdugo and San Fernando Railroad Company yesterday filed an application to the City Council for a franchise to pass through Griffith Park and to extend for a period of fifty years.

The grand jury yesterday returned an indictment against Mrs. Aurelia Schreck charging her with perjury. As the last witness occupying the old room in jail, secretary of the person against whom the indictment was returned was not observed, Judge Trask at once fixed the bail at \$2000.

Mrs. Ellen Kessler is applying to the court for permission to request her default to a divorce case. She alleges the greatest kind of fraud against her husband, who obtained a decree on a one-sided statement of facts last month.

A prisoner in the City Jail was arraigned in the Police Court on the charge of smuggling in drugs.

Special Officer Ira Pence was found guilty of a brutal attack on a citizen after a long trial session in the Police Court.

AT THE CITY HALL.

THEY WANT THAT GREAT VIADUCT.

EAST SIDERS ASK COUNCIL TO GET RIGHTS OF WAY.

Efforts will be made to advance the project for Mammoth Steel Highway Over Railroad from Buena Vista Street to Downey Avenue and Pasadena Avenue.

East Los Angeles citizens are bound to secure the long-coveted viaduct from Buena Vista street to Downey avenue, if there is any possible way to bring this to pass.

Yesterday, as the first step in the renewal of these attempts, a petition was filed with the City Clerk, asking that body to take action towards securing the necessary rights of way over the Santa Fe, Salt Lake and Southern Pacific railroads, from Fremont Gate at the entrance to Griffith Park to Downey avenue and Pasadena Avenue.

The petitioners also ask the City Council to secure rights of way and necessary lands across private property on the west side of Avenue 11, for use as approaches to the proposed mammoth viaduct.

It is expected that the securing of the needed rights of way will be accomplished as the railway companies are understood to be favorable toward the enterprise and ready to do all in their power to aid it. The Southern Pacific Company also stands ready to deed to the city a strip of land fifteen feet wide along the left side of Buena Vista street in order to widen the street, and in return the company will accept a concession of truckage along the foot of the Griffith Park hills, adjoining its switch yards, where it now has more than five miles of truckage.

Just how the funds are to be raised for the great project is an important question. The approximate cost will be \$200,000, and of this amount the Los Angeles Railway Company has agreed to stand \$100,000. It is possible the remaining \$100,000 may be raised through two sources—a portion by private subscription, and the balance through the city, which also has a present district, which would cover practically all of the East Side, Highland Park and Garvanza, as all that territory would be directly benefited by the new viaduct, which would be their main artery for travel to the center of the city.

It is thought inadvisable to undertake any bond proposition for this purpose at the present time, but some move must be made if the city is to get the benefit of a combination with the street railway company and the latter aid to the petitioners. Otherwise, the Los Angeles Railway Company will rebuild its old San Fernando-street viaduct, at a cost of from \$250,000 to \$300,000, and it then would have no use for the larger viaduct.

The petition filed yesterday is headed by R. W. Bromberg, president of the East Side Improvement Association, and is followed by the Committee on Roads and Boulevards of the Chamber of Commerce, and a long array of signatures of well-known business men and East Side residents.

NEW RAILROAD PROPOSED.

WOULD USE GRIFFITH PARK. A brand new railroad enterprise has come to light, through the filing of a petition, yesterday, with the City Clerk's office, for presentation to the City Council at its next regular meeting.

This petition is from the Pasadena, Verdugo & San Fernando Railroad Company, and the petitioners ask the City Council to grant them a fifty years franchise for truckage through Griffith Park, as a portion of its proposed line to connect Pasadena, Glendale and Hollywood with Los Angeles, which it claims will be a railroad of first-class construction.

If the franchise is granted, the company agrees to begin construction within sixty days and to have the line completed and in operation within two years. The men who are backing the company are Adrian King of the Home Telephone Company, Martin C. Marsh of the firm of Ramish & Marsh, W. L. Brent of the Merchants' Trust Company, Robert H. Brown of Glendale, E. Jones, Gilbert S. Wright, C. J. Fox, C. H. Burbridge, H. B. Wing and Fred Sexton.

FIRE COMMISSIONERS.

MEET MORE PROMPTLY. The Fire Commission improved its record, yesterday, by meeting only a half hour after the time appointed.

The petition of Goodwin Brothers for permission to establish a motive power for a paint factory on Donahel street was laid over for two weeks at their own request. D. Allen, whose application for a brass foundry at No. 2115 Maple avenue, has been hanging fire for several weeks, was made happy by having the permission granted. Allen was so pleased that he has tried to tell the Mayor that he really didn't mean it when he signed the pe-

tion asking the Fire Commissioners to hold their meetings promptly at the time appointed, and have business men the necessity of waiting their time.

Conwell & Gibbs were granted permission to erect an electric sign at No. 2110 South Main street; and a permit to operate a blacksmith shop at 2127 South Los Angeles street was granted to C. E. Thoms.

The resignation of Julius Larsen from Engine Company No. 6 was accepted. C. E. Stewart also tendered his resignation from the fire department, and it was accepted. The application of Capt. C. S. Jenking that he be allowed fifty-four days leave of absence from injuries received while in the performance of his duties was denied.

On recommendation of Fire Chief Lips the following men were placed on the emergency list: Henry P. Lowenbach, as painter and decorator; Joe Schlenker, H. Franks, Andrew Peterson, E. C. Perry, Charles L. Gross, W. J. Miller, C. F. Allen, C. B. Leonard, T. C. Peterson, Thomas Haldred, R. P. Scott and C. B. Goss, as hosemen.

Pension Board Meets. The Pension Board of the Fire Department met yesterday and considered the case of W. S. Scherer, a hoseman who was injured while in the performance of his duties at the Pacific Planting MHI fire, and who has spent fourteen days in the hospital. Scherer was given three months' leave of absence from the Fire Department at half pay.

City Hall Notes. The Board of Public Works has extended the time for the completion of the improvement of Alvarado street, from Riverside street to Santa Cruz street. Contractor F. D. Donagan has been given thirty days more in which to complete the filling of this street.

The Board of Public Works has extended a new lease for storage room in the warehouse of Bernard Brothers. This is required for the storage of time and other materials furnished by the city for storm drains and outfall sewer construction.

The portions of Railroad street and Magdalena street dividing the properties of the Llewellyn Iron Works are to be vacated by order of the Board of Public Works. The Llewellyn Company is to file in escrow a deed to the city, so that if at any future time the needs of the city demand the reopening of those streets it may be readily accomplished.

The City Engineer has planned a new map showing all recent sewer construction and lateral connections. Charles Conway has made a claim to the Board of Public Works that the city has confiscated a strip of his land ten feet in width on Buena Vista street, in its improvement of that street. A report of the City Engineer made to the Board yesterday, disclaims such encroachment.

A petition has been filed with the City Clerk asking for the improvement of Terrace Drive from Avenue 11 to a point 200 feet westerly. City taxes are coming into the City Treasurer's office at an average rate of \$7000 per day. The great number of taxpayers is not due until about the first week in November.

First Street Viaduct Changes. The City Engineer has recommended to the Board of Public Works several changes in the proposed first street viaduct. The mud sills and joists have rotted in some cases so that an immediate change will be necessary, and the City Engineer also requested that the viaduct be built and an earthen approach made to it for twenty feet on the westerly end of the viaduct. The work may be done in three sections, as the public traffic shall not be delayed. It is also proposed to give the bridge a coating of asphalt. The City Engineer stated that several timbers in the viaduct have been injured by having been struck by cars of the Salt Lake Railway which have been loaded too high, and the company has refused to repair the damage. The proposed viaduct changes are to be taken up with the railway companies, so that they may stand their proper share of the expense. This action was ordered yesterday.

Want Street Name Changed. R. H. Lacy and others have offered to deed to the city land for the widening of Hoover street to Gate street, and also requested that the name of Gate street be changed to Hoover street. The City Engineer has recommended that the name of Gate street be changed to Hoover street, as it more nearly conforms to the general lines of San Marino street than to that of Hoover street. The Board of Public Works yesterday decided to accept the deed to lands so that Hoover street could be widened, but it postponed action on the change of street name, pending a further expression of the people owning property on the street in question.

Ornamental Street Lighting. The Board of Public Works yesterday recommended to the City Council the passage of an ordinance creating an assessment district for the purpose of paying for the lighting of the ornamental lamp system on Spring street. Hereafter the city has borne that expense, but it is suggested that it be formed which will include all the property fronting on Spring street from Temple to Main. On the first of November the city will begin to install illumination of the ornamental lighting systems for Main street and Hill street. These will be lighted in the same manner as the Broadway system, and by the reduction in the power of these lights on the four streets to the strength of the Broadway lights, a saving of from \$50,000 to \$60,000 per year will be saved. The lights on Broadway are only one-half the strength of those on Spring street, but they prove quite satisfactory.

Fire Chief's Report. The weekly report of Fire Chief Lips, submitted to the Fire Commission yesterday, shows that there were eleven alarms, of which two were false. The total loss is estimated at \$1125.

Want a New Fire House.

G. W. Foreman, representing the East Side Improvement Association, appeared before the Fire Commission yesterday, and requested the request of Commissioner Schwann that fire protection conditions be improved for the East Side. Schwann asked that another hose be used with the team for hauling the engine at the house at Nineteenth avenue and Pasadena, and that the fire engines be compelled to slow down to almost a walk, after they have gone four or five blocks. The fire chief was instructed by the commission to investigate and report upon the feasibility of a new site, further up the hill.

Train Time Changes—Salt Lake Route.

On and after Sunday, October 12, train for San Bernardino will leave Los Angeles at 2:00 p.m. instead of 2:15. No other changes will be made at 2:00 a.m. and 2:15 a.m. and 1:20 p.m. daily and 1:30 p.m. Sundays only. Leave Salt Lake, 7:30 a.m. and 1:30 p.m. daily. Salt Lake, 7:30 a.m. and 1:30 p.m. daily. New time cards may be had at all South Spring street and First street stations.

AT THE COURTHOUSE.

MRS. SCHECK'S WAY OF ESCAPE.

GRAND JURY FINDS INDICTMENT ON PERJURY CHARGE.

In the Wrangle Incident to an Indictment the Probabilities Favor Discharge of the Alleged Murderess from Any Punishment for Her Plot to Kill Husband.

The grand jury returned another indictment yesterday, and not one of its members cracked a smile. All the solemnity of this august body sat with solemn visage, while Judge Trask turned over the several pages of typewritten matter, and then with some little hesitation he started to fix the ball but was nonplussed.

The court appealed to Asst. Dist. Atty. McComas as to what would be proper bail under the circumstances, and the sum of \$2000 was named as proper sum upon which to let Mrs. Aurelia Schreck go free.

Mrs. Schreck is still in custody on the murder charge, but the District Attorney announced yesterday that he prepared to dismiss the capital charge against her. She was to be punished, however, for having befriended the assassin, but having information in the ordinary way the matter was charged perjury. In that on June 14 Mrs. Schreck told a fairy story at the coroner's inquest regarding burglar Charles G. Stackpole.

Stackpole is under sentence of life imprisonment, though his case is on appeal. Mrs. Schreck has promise of appeal, but she has made a confession to the murder charge, but is face to face with the indictment for perjury. With ordinary good fortune there is no reason why she should ever serve one day in the State's prison for that offense.

By the detection of Joseph Bennett, a "trust" in the City Jail, in the act of smuggling morphine into the prison, the police feel that they have stopped one of the most dangerous practices carried on among the prisoners. Bennett was arrested last night by Justice Austin yesterday, his preliminary examination was set for October 8 and his bail was fixed at \$1000.

For some time the authorities have been baffled in the efforts to discover the parties guilty of sending drugs into the jail to prisoners. Capt. Phelps of the state police found Frank Howe, an ex-convict in the act of handling a package of morphine to a prisoner on Wednesday, and arrested him. He was taken before the prosecuting attorney, but no complaint was filed, as it was found that there is no law existing forbidding the sending of drugs to prisoners, unless the guilty party be found within the jail.

Justice reported Thursday night when he turned in his report of "trusts" that Bennett was missing. Half an hour later Bennett appeared in court, and was taken to the jail. Jailer Boss was on duty, and suspecting that Bennett had come in, he called for his person. He took him in the jail office and searched him.

When the jailer found an eight-ounce bottle of morphine in Bennett's possession he accused him of making a regular practice of carrying "dope" into the jail, and he was taken to the police station. The police say they have a confession from Howe that substantiates Bennett's confession, and they believe they can send Bennett to the penitentiary.

PENCE CONVICTED.

SPECIAL ATTACKED CITIZEN. Officer Policeman Ira Pence was found guilty, after a special session in Justice Rose's court last night, of a brutal attack on G. W. Scott of No. 425 E. 12th street, and sentenced to be sentenced at 11 o'clock today.

Pence was the private officer of a religious sect meeting in a tent at Main and Broadway streets. The officer attacked Scott on the night of September 13 and beat and kicked him until he broke Scott's right leg.

For weeks previous to that on which Pence had the altercation with Scott, crowds of boys gathered about the tent and hurled missiles at it. Shortly after the attack had opened in the tent on the night of the fight, the trade of the boys was renewed. Pence dashed madly into the assembly of on-lookers and began to push them back regardless of who they were. He knocked Scott down, and when the latter tried to regain his feet, Pence kicked him and beat and kicked him, breaking a leg.

During Pence's attack upon Scott, the throng became angry and threatened to take the law into their own hands. Pence seized his victim by the collar and dragged him toward Main street. The infuriated crowd, however, and they rushed the officer. Pence is said to have taken refuge in a nearby house and waited for the arrival of other Lehnhausen.

Pence told the officer that Scott was under arrest and the sergeant sent him to the Central Police Station. While Pence was on his way the sergeant learned that many of the witnesses claimed that the attack was unwarranted, and the sergeant instructed the officers at the Central station to liberate Scott after treatment at the Receiving Hospital.

Later Pence was seen by the sergeant at his home, No. 787 Ruth avenue, where it is claimed that he admitted he had required Scott to walk from the electric car to the hospital. However, Pence maintained that Scott was the ringleader of a gang of men who were attempting to break up the religious meeting.

Pence was taken before Patrol Captain Broadhead and told to explain.

entire blame on Otis W. Sheop, the motorman on the electric car, and he has been made a party defendant to the suit.

COURTHOUSE NOTES.

OVERVIEW CONTENTMENT HANGS. Judge Bledsoe came down from San Bernardino yesterday to hear argument on the demurrer that had been filed to the second affidavit filed in the contempt proceedings against Sam T. Cover, who is charged with holding Judge B. N. Smith to obnoxious to the Evening News. Asst. Dist. Atty. McComas wanted to reinforce his argument with a brief, and so five days were given when the matter will stand submitted on the demurrer.

FAMILIES DIDN'T AGREE.

Gabriel Marquez was granted divorce from Inis R. Marquez on the ground of desertion. The parties married in May, 1902, in this city, and went to live on a ranch at Irwindale. In November, 1904, the wife left her home, telling her husband that she would not return. He followed her to Los Angeles but an insurmountable objection in her eyes was the fact that her family and that of her husband were not of the same blood. She refused to resume her place by her husband's side.

THE SHARP DIVORCE. Anna M. Sharp was granted a divorce from Frederick Sharp, on the ground of cruelty. The parties have been married for many years, and some of the children being grown up. The husband is an expert carpenter, and has considerable money, but according to the testimony of Mrs. Sharp and made life miserable for his wife.

SOUGHT HER FORTUNE. Mrs. Emma Van Vleet married Arthur B. Van Vleet at Iowa, Kan., in 1904, and settled down there. She had been married before, and had a boy about 12 years of age. As time went on the husband took to drink, and in May of last year he deserted his wife and home. A month later he came to Los Angeles to seek her fortune, and is now supporting herself and her five children. She was granted a divorce on the ground of desertion.

TRIO OF HUSBANDS. Julia M. Clark was granted a divorce from her first husband yesterday, on the ground of cruelty. The two first husbands died, but the third and some of the children made his wife jump around, and was cruel to her. The Clarks were married in 1904, and the husband had a habit of pinching his wife that was intensely irritating, and on occasions would grab her and throw her around the house in a violent manner. Mrs. Clark also obtained an order for \$15 a month as alimony.

THE INFERIOR COURTS.

SMUGGLES DRUG IN CITY JAIL.

ARRAIGNMENT OF TRUSTY LETS OUT PRISONERS' PLOT.

Jailer Boss Finds a Member of the Janitor's Gang in Act of Carrying Morphine Into City Prison—Joseph Bennett Confesses to Crime and Implicates Others.

By the detection of Joseph Bennett, a "trust" in the City Jail, in the act of smuggling morphine into the prison, the police feel that they have stopped one of the most dangerous practices carried on among the prisoners. Bennett was arrested last night by Justice Austin yesterday, his preliminary examination was set for October 8 and his bail was fixed at \$1000.

For some time the authorities have been baffled in the efforts to discover the parties guilty of sending drugs into the jail to prisoners. Capt. Phelps of the state police found Frank Howe, an ex-convict in the act of handling a package of morphine to a prisoner on Wednesday, and arrested him. He was taken before the prosecuting attorney, but no complaint was filed, as it was found that there is no law existing forbidding the sending of drugs to prisoners, unless the guilty party be found within the jail.

Justice reported Thursday night when he turned in his report of "trusts" that Bennett was missing. Half an hour later Bennett appeared in court, and was taken to the jail. Jailer Boss was on duty, and suspecting that Bennett had come in, he called for his person. He took him in the jail office and searched him.

When the jailer found an eight-ounce bottle of morphine in Bennett's possession he accused him of making a regular practice of carrying "dope" into the jail, and he was taken to the police station. The police say they have a confession from Howe that substantiates Bennett's confession, and they believe they can send Bennett to the penitentiary.

PENCE CONVICTED.

SPECIAL ATTACKED CITIZEN. Officer Policeman Ira Pence was found guilty, after a special session in Justice Rose's court last night, of a brutal attack on G. W. Scott of No. 425 E. 12th street, and sentenced to be sentenced at 11 o'clock today.

Pence was the private officer of a religious sect meeting in a tent at Main and Broadway streets. The officer attacked Scott on the night of September 13 and beat and kicked him until he broke Scott's right leg.

For weeks previous to that on which Pence had the altercation with Scott, crowds of boys gathered about the tent and hurled missiles at it. Shortly after the attack had opened in the tent on the night of the fight, the trade of the boys was renewed. Pence dashed madly into the assembly of on-lookers and began to push them back regardless of who they were. He knocked Scott down, and when the latter tried to regain his feet, Pence kicked him and beat and kicked him, breaking a leg.

During Pence's attack upon Scott, the throng became angry and threatened to take the law into their own hands. Pence seized his victim by the collar and dragged him toward Main street. The infuriated crowd, however, and they rushed the officer. Pence is said to have taken refuge in a nearby house and waited for the arrival of other Lehnhausen.

Pence told the officer that Scott was under arrest and the sergeant sent him to the Central Police Station. While Pence was on his way the sergeant learned that many of the witnesses claimed that the attack was unwarranted, and the sergeant instructed the officers at the Central station to liberate Scott after treatment at the Receiving Hospital.

Later Pence was seen by the sergeant at his home, No. 787 Ruth avenue, where it is claimed that he admitted he had required Scott to walk from the electric car to the hospital. However, Pence maintained that Scott was the ringleader of a gang of men who were attempting to break up the religious meeting.

Sergeant Lehnhausen also presented his case, and it was decided to arrest Pence on the charge of battery.

Chinese Fined for Assault.

Ah Sing was fined \$30 by Justice Austin yesterday for an assault on Ah Wing, the latter's place of business on Anapahla street Thursday afternoon. Sing claimed that he went to Ah Wing's place to collect some money from him, and that he was not in a mood to discuss matters, he started to go. The thought of his money brought him back, and he argued persistently. Sing, the officers said, struck Ah Wing with an eastern mug.

ANXIOUS FOR A MORE TROUBLE.

PROFESSIONAL JAWSMITH HERE TO STIR IT UP.

San Francisco Walking Delegate Comes to Los Angeles to Organize Free Molders to Pay Him Salary. Should He Succeed, Strike Would Probably Follow.

R. A. Sullivan, an overpaid walking delegate from the Molders' Union of San Francisco, has descended upon Los Angeles and proposes to lead his prosperous, contented brethren of the shoe trade back into the totemite fold.

He proposes to do this, and will only charge the modest sum of \$13 for each man to secure the privilege of paying dues and his nice fat salary. He has called a meeting of the molders of the city, which will be held tonight in Foresters' Hall.

The unions of San Francisco have become tired of keeping the jawsmith, and he has been sent to Los Angeles to create a molders' union in this city, whereby he can secure the fat salary he is accustomed to, or, perish the thought, he will have to go to work. It will be his duty to put forth strenuous efforts to organize the free workmen of this city.

The fellow holds out the promise of increased wages to the men. Although they are now getting the union scale, he has to promise something in the way of pecuniary advantages, and he has been sent to Los Angeles to create a molders' union in this city, whereby he can secure the fat salary he is accustomed to, or, perish the thought, he will have to go to work. It will be his duty to put forth strenuous efforts to organize the free workmen of this city.

The men saw the error of their ways and returned to the old condition. He needs a job as walking delegate, and therefore the men must get together and pay him his salary. A large number of men working now in Los Angeles as molders were at one time members of the union in San Francisco, and withdrew when they were unable to longer stomach the bulldozing tactics of the jawsmith. They have been prosperous here, and this has rankled with the San Francisco laborites, wherefore they send him here to get them back into the union fold.

Sullivan says that if the men will take up the employing foundrymen and machine shop owners. Starting in the town of Los Angeles, he is now looking for a nice, comfortable house here to live in. He will not close the door for the hour until he secures enough dues among the molders as members of his union to pay his salary and guarantee his rent.

PIONEER GONE BEYOND.

Man Who Introduced the Smyrna Fig to Southern California, Dies at Advanced Age.

James Stewart, well known as a pioneer of Los Angeles county, passed away yesterday at his home, No. 252 North 80th street. Death came in the early hours of the morning, ending a sickness which he overcame in the old gentleman three months ago.

Stewart was well known in early Southern California days as a wealthy and successful farmer, and later as a retired capitalist. He had also acquired some fame as an authority on walnut and fig culture, and it was he who introduced the Smyrna fig into Southern California. He owned orchard lands in the Rancho Valley and in the neighborhood of Montebello, and in his latest years acquired considerable city real estate. He leaves an estate valued at \$100,000.

Stewart was the son of a Cleveland, Tenn. Stewart's career has all the romantic flavor that marks the lives of the California pioneers. He was born May 27, 1837, and the first part of his life was spent in his native town.

There, at the age of 21, he married Lucy Ann Dougherty, the daughter of a prominent family. Shortly afterward he moved to Los Angeles, and his six children were born in that State. While he was in Texas the Civil War broke out, and Stewart enlisted at the age of 25 in the 10th California Infantry, and after three years of service in the Confederacy, after the war he decided to cross the continent with his family, and in 1860 he became a resident of Southern California.

Stewart leaves three sons and one daughter, all residents of this county. His wife died six years ago, and two married daughters are buried beside her in the Los Angeles cemetery, near Santa Fe Springs, where the remains of Stewart will be interred. The children living are: D. O. Stewart, of Montebello, a prominent local real estate man; John J. Stewart, No. 254 North 80th street; J. E. Stewart, No. 60 Cummings street, and Mrs. D. W. Stanley of Rivera. The other two daughters, who have been dead some years, were Mrs. John Mills of Downey and Mrs. Frank Stout of Waco, Tex.

Funeral services will be held at the home at 10 o'clock on Sunday morning, conducted by Rev. J. W. Green of Downey. The body will then be taken out to Little Lake cemetery, where it will be laid away with the remains of his wife. The funeral will be held at 10 o'clock, conducted by the lodge of Montebello.

Stewart has enjoyed almost uninterrupted good health through the four score years of his life, and liver trouble that afflicted him three months ago, and finally brought death, was simply an infirmity brought on by old age.

SPANISH WAR VETERAN DIES.

The death is reported in the East of Harry N. Arlin, a young Spanish War veteran who distinguished himself in the campaign of Cuba and the Philippines. Arlin was born in Fremont, O., March 30, 1874. As a member of Troop 8, 6th Cavalry, he served in Cuba, and in 1898 he was promoted to sergeant. He was later promoted to lieutenant, and served in the Philippines, being present in twenty-one engagements with the enemy. He completed a trip around the world and was mustered out at the Presidio, San Francisco, June 28, 1901. He was known to a number of people in Los Angeles, having formerly lived here.

WOMEN'S CLUBS.

Friday Morning Opening.

The Friday Morning Club opened its year yesterday with addresses by the president emerita, Mrs. C. M. S. Severance, the incumbent, Mrs. Ernest K. Foster, and several past presidents, as well as heads of committees. Madame Severance expressed her pleasure at once more greeting so many old friends, and spoke cheerfully of the work of the coming year. She then presented Mrs. Foster, who stated that it is her desire to promote good will and fellowship so far as possible, and to please the majority of the club in all matters. She added that it was especially pleasing to open the year with the confidence of the friendship of the clubwomen. The further alluded to the large increase of membership, something more than one hundred since adjournment, and the consequent larger income at a time when the club is hoarding its wealth to build its new home. The building project is in the hands of Mrs. J. R. Haynes and a committee of twenty assisting women. These include the executive board, whose personnel is as follows: Minister E. K. Foster, N. K. Wadleigh, C. C. Wright, E. R. Bradley, E. H. Enderlein, Mary P. Haines, Misses Jennie Collier and Mary L. Jones. Other members chosen from the club at large are: Misses F. C. Hubbell, J. B. Lippincott, W. C. F. Peterson, A. M. Stephens, Shelley Toilhurst, H. P. Boynton, W. F. Boshell, S. T. Clover, W. L. Graves and Miss Marie Mullen.

Mrs. Margaret Collier Graham, talked briefly of her work as chairman of the book committee, associated with Miss M. L. Jones, and other heads of committees were heard from. Luncheon was served at the conclusion of the program.

Elmer B. Harris, who was to address the club next week, is ill, and in his stead Fred M. Clapp will give an address on matters of interest during the disturbances in Russia and especially pertaining to Russian life.

French Lectures.
Norman Hill Nesbitt who is giving courses in French in different cities of the Middle West, will give an illustrated lecture on Scotland with views secured by himself, next Friday evening in Grand Club Hall, Eleventh and Figueroa. The lecture will be delivered in French, as will also subsequent illustrated lectures on France, and other foreign countries. A Latin quarter dinner for male members of the Los Angeles class will be an amusing feature of the fall program and a nine-course dinner for all members will be given with the men of the class serving, all menus to be in French.

Hundred Year.
The Hundred Year Club will open its sessions Tuesday in Mammoth Hall. This is the club which was formed by Karl Flynn sometime ago. The Warman series of lectures and exercises in physical culture will be continued this winter.

For Torpid Liver, Liver Beans.
Never fail to correct, all liver troubles.

Train Time Changes—Salt Lake Route.
On and after Sunday, October 7, train for Salt Lake City will leave Los Angeles at 1:30 p.m. instead of 1:45. No other changes east. Trains for Long Beach and San Pedro will leave at 1:45 a.m., week days, 1:30 a.m. and 1:45 p.m. daily and 1:30 p.m. Sundays only. Leave Salt Lake City at 10:00 a.m. and 1:15 p.m. week days, 1:00 p.m. daily and 10:15 a.m. and 1:15 p.m. Sundays only. New time cards may be had at all South Spring street and First street Station.

BECHAM'S Cold Cure, guaranteed cure in twenty-four hours, (see Drug Co. 3 stores). One ton of watermelons given away at Del Rey Sunday. Best peeling.

AVALON MAY BE AN OPEN PORT.

BANNINGS DECIDE ON CHANGE; CITIZENS TO GOVERN-TOWN.

Directors of Santa Catalina Island Company Meet and Adopt Policy of Letting People Assert Their Views Toward Incorporating City—Recommend That Harbor Be Free.

AVALON, Oct. 5.—Hancock Bannings, on whom the active management of the affairs of the island has devolved for some time past, returned today from attendance at a meeting of the directors of the Santa Catalina Island Company, which resulted in a radical change in the plans of the company.

Several years ago, when there was an agitation of the question of an open port for Avalon, the Bannings asserted their readiness to throw down the bars and open the port whenever it became apparent to the residents and property holders here should there be such a step. This condition has not manifested itself as yet, while on the contrary, they have had many requests from those in interest to continue their present policy of a closed port. In deference to this sentiment they have made a show of resistance to the efforts of the minority of property holders, and have repelled the invasion of persons seeking to force an entrance to the island. Now, however, the Bannings have decided to refer the whole matter to the people of Avalon and will suggest that they take measures to effect an incorporation of the town, elect a board of trustees with such other officers as may be deemed necessary and leave to them any action they may choose to take in the matter of an open port.

In effect, the Bannings have turned over to the people of Avalon the future interests of the place, promising in the meantime to stand with them in any consistent action they may take, and recommending to them the policy of an open port.

The Bannings company has taken this action in that spirit of fairness which has characterized their action with reference to other property owners here, of whom there are perhaps 100, owning lots in the town of Avalon, knowing that they will have to pay their proportion of the expenses of the municipality.

ARMY NURSES' RECEPTION.
Self-Sacrificing Women Veterans of Civil War Entertained by Stanton Relief Corps.

According to the annual custom, the Woman's Relief Corps of Stanton Post G.A.R., held a social at the hall on South Spring street yesterday afternoon, to which all the army nurses residing in Southern California were the invited guests. Thirty-two invitations were issued and when the company assembled there were just sixteen handsome, snow-haired old ladies in the guest chairs.

The gathering was called to order by Mrs. Geneva B. Algie, president of Stanton Relief Corps, and then it was handed over to Mrs. Maud Burdick. A programme was given for the edification of these noble women who made such great sacrifices during the Civil War, and the afternoon was spent in social intercourse. It was a unique gathering, and calls up tender memories of the great struggle as nothing else can.

EXTRA SALESMEN WANTED. CALL BEFORE 8 A.M.

MAMMOTH SHOE CO. 519 SOUTH BROADWAY

MORE POSTOFFICE CLERKS.

Postmaster Flint Receives Authority to Appoint More Help at an Increase of Salary.

So rapidly is Los Angeles growing as a city that the postoffice finds it a serious matter to keep up with the avalanche of mail matter which passes through the local postoffice. Postmaster Flint has again and again called the attention of the Postoffice Department at Washington to the necessity for more assistance in handling the mails.

Yesterday Mr. Flint received telegraphic authority from the department to employ temporarily as many clerks as might be necessary to overcome the existing congestion of mails.

A remarkable departure was also made in the size of the salary to be paid these "extras." Generally they are given a start at \$600 per year, but in this case Postmaster Flint will be permitted to start them at the rate of \$300 a year, on account of the higher rates of living here and the high wages paid to competent workmen.

BULKHEAD FOR AVALON.
An application has been made through Capt. Amos A. Fries in the local U. S. Engineer's office to the Secretary of War for permission to construct a bulkhead in the bay of Avalon, Santa Catalina Island, 130 feet distant from Crescent avenue and to fill in the inclosed space. Capt. Fries invites any protests based upon

navigation interests to be filed in his office before 11 a.m., on Friday, October 12.

Novel Life Insurance.

A curious form of life insurance was introduced some years ago in French manufacturing towns under the name of *Le Fourmi* (the ant). The peculiarity is that the longer a man lives the less he becomes entitled to. The payment of about a dollar a month assures the payment of \$100 to the heirs of a man dying before the age of 35, the payment diminishing proportionately to \$10 at 51. The idea seems to be that if a man dies young his children are likely to be in want, but when he is 50 they will be able to earn their own living.

HOMESEKERS' CLUB.

Free Stereoscopic Lecture Tonight

Everyone interested in securing a small farm home in California, or a one-acre villa lot near Los Angeles, is invited to the free Stereoscopic Exhibition this evening at the Home Extension Hall, Chamber of Commerce Building, at eight o'clock. The fourth new town and colony is now being formed to secure and subdivide some large tract of irrigated land, not less than ten thousand acres in extent, at wholesale prices to members. The acre lot club will secure a tract of about 50 acres. Come and learn about the plan and the three new towns and colonies already established in this way. Eight o'clock this evening, Chamber of Commerce Building.

How to Save DOLLARS in Cooking and Heating

It has cost many Stove users HUNDREDS OF WASTED DOLLARS to find this out.

We have solved this vital problem and

Will tell YOU how to do so.

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

Pen Points

Shakespeare's fame is now complete. A cigar has at last been named for him.

"Mrs. Platt calls," says a dispatch. But Mr. Platt does not seem to have yet thrown down his hand.

A Montana millionaire broke a rib in Paris, but it was a Pittsburgh millionaire who broke the bank at Monte Carlo.

A physician says a man may play golf until he is ninety. Most men don't begin to play golf until they are ninety.

At last reports Charlie Schwab was in a "bull-clique." He is better off than those other financiers who are in the bull pen.

Not because it has nothing better to do, but for some other reason, reason the public is now intent on the plots of the Platts.

The last time the score was made public the man who was endeavoring to "keep abreast of science" was 11-24.34 behind.

Certain excellent Los Angeles business men believe they have found a mint in the pepper business. A peppermint, as it were.

The things that the President in his Harrisburg speech did to Mr. Bryan will at least serve to slow the gentleman from Nebraska down to a walk.

"We need to check the forces of greed," said the President at Harrisburg. Not only that. Greed must be throttled and choked out of existence.

Another innovation that the magazines might introduce would be the publication of a magazine story with a plot in it whose name would be something besides Tuli-San.

It is not easy matter to size up a creature like Tammany Boss Murphy who is now the chief supporter of Hearst, after Hearst called him a thief and pictured him in stripes.

If there are any gentlemen who have not yet mentioned for the office of Mayor of Los Angeles, a diligent search of the city directory fails to reveal the presence of their names.

The police servants are examined by the police before they are allowed to enter the house. In this country it is the custom to examine them when they are about to leave the house.

Although there are only about five weeks of the present political campaign still to run, the spinners have not yet fairly started. Thus it is seen that the public does not always get the worst of it.

Having now raised her to the place of chief martyr, the Russian terrorists are using as a battle cry: "Remember Zerkova Kropfiankova." But it is a hard thing to remember, especially the way it is spelled.

John B. Moran has been nominated for Governor of Massachusetts by the Free parties, but as none of them is the Republican party, the incident may be considered as being scarcely worthy of serious interest.

People who make a habit of reading the newspapers can not have failed to notice that a great many young women have taken up the fad of marrying men twice their age and with a million times their money.

Kansas reports a visit from a flock of seagulls, and also that a farmer of the State has raised a corn stalk twenty-seven feet high. Slowly but surely is the proverbial "California lie" being backed off the boards.

At a recent W.C.T.U. meeting in Chicago a bottle of patent medicine that was set on fire exploded, boiled, hissed and turned red, blue and yellow. And yet the proprietor of the dope probably made sixteen fortunes out of it.

A Massachusetts man who made two fortunes in matrimony has tried it a third time. He doubtless had before him the example of the late P. T. Barnum who also failed twice with a circus on his hands, but won on the third attempt.

Just about the time the violinists, the demagogues and the wind-jammers think they have the country going South, President Roosevelt attends a State fair or something like that, makes a speech, and then we all get our bearings again.

New York bankers desire to have the laws amended so that the United States Treasury shall not be able to interfere with the money market. At the same time it should also be arranged that the money market would not be able to interfere with the Treasury.

Just to show how little is thought of money, these times, it is only necessary to call attention to the fact that the State of Pennsylvania has spent \$2,000,000 on furnishings for her new Capitol building for members of the Legislature to stick their feet on and spit tobacco juice on.

THE KEY TO THE POLITICAL SITUATION AS BOSS HEARST WOULD HAVE IT.

(Reproduced with slight changes in lettering only, from the San Francisco Examiner.)

There is a place for labor organizations in this industrial civilization of ours and there are results beneficial to our whole industrial system to come from such industrial organization. But their central idea must be a sense of absolute justice. The rights of others must be recognized in order to form any stable basis on which their rights can rest. The civilization of the world has not been wrought out by intestine strife but by friendly cooperation. All war, all violence, tends to destruction and not to creation. The failure to recognize the just rights of other men always results in the denial of all rights to those making the first denial.

A PRESIDENT WITH IDEALS.

There is a certain quality of free and manly optimism about the President's public utterances which often carries deeper conviction than more elaborate arguments would carry. This quality is especially noticeable in the President's address at Harrisburg, on Thursday, the occasion being the dedication of the new State Capitol of Pennsylvania. There was no effort at oratory, no "hifalutin," no spread-eagles in the President's remarks. The address was a simple, plain talk by an American President to American citizens. But it had the true ring, and it abounded in the wholesome optimism and confidence which have gone so far toward making American success, whether collective or individual.

The splendid enthusiasm with which the President sets forth his ideals is distinctly encouraging to all Americans who have faith in the ultimate destiny of the great Republic. It would not be surprising if the people should insist that Mr. Roosevelt be kept in the White House for another four years after his present term expires, in order that, if possible, some of his grand and altruistic concepts may be brought to realization.

A TRAMP MAYOR.

The city of Vallejo, Cal., is in a rather anomalous position. It has no Mayor, or, rather, it has a Mayor somewhere on the face of the earth, but it doesn't know where to find him. He has vanished. Some days ago he "few de coop," and has not yet returned. The good people of Vallejo are disconcerted. They don't seem to know just how to get along without a Mayor, which official is a somewhat necessary adjunct to municipal government. The people of Vallejo are not inclined to follow the example of "Little Bo-Peep," who lost her sheep. They are not sure that, if let alone, their Mayor will come home, and they have started a movement to have the office declared vacant.

Since Mayor J. J. Madigan disappeared mysteriously from Vallejo, several days ago, an investigation of his antecedents has revealed the fact that his real name is not Madigan, but Caribart, that he was born in Canada, and that he has never been naturalized in this country. He was, therefore, elected to the office of Mayor under an assumed name. For several years he has voted in the United States, having falsely sworn that he was a native of New York. For the past sixteen years he has voted regularly in Vallejo, always making affidavit that he was a native of the Empire State.

Under these conditions, it cannot be regarded as altogether remarkable that the Mayor of Vallejo is not in the accustomed haunts at the present time, nor that the places which he has known him for some years past may move him to move to some foreign land where the law should get its clutches upon him.

The case of Mayor Madigan (alias Allen Cathcart) furnishes some food for reflection, and an opportunity for several severe lectures, which The Times is not disposed to deliver. It may properly be said, however, that citizens cannot be too careful in the matter of choosing their public representatives, in whatever capacity. Cathcart is not the first man to be elected to office under a name not his own. Councilmen have been elected under similar circumstances, whose naturalization was involved in more or less haze. It will not do for the people of our cities to pick up and elevate to responsible positions all sorts of vagabonds and tramps who see fit to "butt in" on false pretenses. Honest, native-born Americans ought to be good enough, on general principles, to hold administrative and legislative offices in American cities.

Only through the indifference of voters to their civic duties can tramps and vagabonds and aliens get into office. The lesson is plain. It is the old, old lesson, so often disregarded, but which it is clearly the duty of every loyal citizen to learn and to heed. If every intelligent voter would take especial pains to interest himself in civic affairs, and to vote only for such candidates as his conscience could approve, there would be little chance for unworthy men to get into positions of responsibility and power.

It isn't everybody that either needs or can afford a manager, but they seem to be indispensable to actors, prize fighters and husbands.

The peculiar thing about Candidate Goings is that he really never did get going.

STUPID DENIALS.

The laborious and amusing "denials," signed by the presidents of three local electric companies and published by the Evening News, to the effect that these companies have no interest in the Evening News, deny no statements that have been publicly made within the knowledge of The Times. These denials go to great pains to deny charges that have not been printed. Do they indicate an assortment of uneasy consciences?

The undeniable facts are, as previously stated in The Times, that the capitalists representing the great power companies and anxious to defeat the power-producing plans of the city's magnificent Owens River enterprise, furnished the funds with which to start the Evening News and to subsidize Clover to maliciously, recklessly and libelously misrepresent and waste money in his fight against the city's dearest and most vital project and the unselfish, public-spirited, high-minded citizens who have it in their charge.

These are the facts. They cannot be brushed aside. The Times knows where the money came from and to whom it was entrusted for this traitorous purpose. Enough has been said for the present. More will be said later on.

FOR THE SUPERIOR COURT.

The Independents could not have selected a worthier nominee for the Superior Court than Judge Lewis A. Groff. With his high legal attainments, his long training and his scholarly instincts, added to a decidedly judicial temperament, courtly manner and fine character, ex-Postmaster Groff is an ideal man for the bench and will receive the support of thousands of Republicans who cannot bring themselves to give their votes (for instance) to such a weak and unfit candidate as Houser for a high post in the judiciary. If any place on earth should be kept clean from the corrupt machine politics and from the taint of inferiority it is the hall of justice. The voters of Los Angeles county should protect themselves by voting for Judge Groff. His splendid record as a public servant in Los Angeles is his best commendation. His whole career has equipped him for the station to which he is now called.

GILLET'S CAMPAIGN.

He Wins the Confidence of the Electors of the State Wherever He Goes.

(From the San Francisco Chronicle, Oct. 4.)
Wherever he goes, Congressman Gillett impresses all who come in contact with him as an able and candid man of large experience, who will make a safe, judicious and energetic Governor. And that, and nothing else, is what the public interests require. He is a Republican, and the Republican party stands responsible for his ability and integrity. Not one word has been said against either even by those who most actively opposed his nomination and now most actively oppose his election. The only objection ever made to him is that he cannot be depended on to favor one class of our citizens at the expense of other classes, and that should be, and is, his recommendation to all citizens of all classes. Whoever would deprive one class of our people of protection or privileges granted to all other classes is a bad citizen, and whatever candidate panders to those who make such demands is unfit to be entrusted with any office. What this State and every other State needs in its chief magistrate is ability, industry, integrity and impartiality. Nobody can truthfully deny, and we do not know that any one has denied, that all these qualities are possessed by Mr. Gillett.

But while Mr. Gillett is a Republican party, the Governor of a State has so little to do with national affairs that his fitness must not be determined by his views on national questions. Should he have to appoint, which is not likely, a United States Senator, he will appoint a Republican. And that is about all a Governor has to do with national politics. It is, however, needless to say that a Governor is to a State desiring many things of the Federal government that

THE INNOCENT BYSTANDER.

Little Henry's Moral Tales.

In this one he shows the great mistakes men make in not wanting a football player in the family.
One time there was a little boy who was a very good little boy indeed and always obeyed his ma and pa.
And when he got big enough to qualify for the junior intermediate grammar school foot ball team the boys said to him to get in training because he was a stout fellow and would make a good center rush.
So when this little boy spoke to his pa and ma about it what do you suppose they said?

His ma said, "never in this world will I see a boy of mine putting on those awful spikes and things and killing and maiming other boys and like as not coming home with his head torn to shreds or his legs broke off. Don't ever let me hear you talking about foot ball again young man or I shall be heart broken."

But the boy explained carefully that the team he would belong to was not a turf team and that he would be in no danger.

His ma said so no indeed he should not play foot ball and then sat him who else was to be in the team.

Jonny Skidmore and Herbert Tallum and Rufus Green and Mike Planter and all them fellows he told her.

What shouted his ma do you mean you want to play that foot ball game of foot ball with those horrid boys? I think it is a pity we had to send you to the public school where you had to associate with such children that Skidmore boy is one of the worst boys I ever saw and I wouldn't put anything apart that Rufus Green so the boy sat his pa if he could play foot ball and his pa said I guess you've heard from headquarters haven't you?

Then this little boy did something that was very wrong indeed and which should have netted him a cushy job and I hope it did but I do not know.

After his parents did not told him not to play foot ball and that he should not associate with those horrid boys he went to the junior intermediate grammar foot ball team.

So the boys maid him center rush and every once in a while they would all jump on him and pile up on him and knock the breath out of him and had to pump his arms up and down to get his breath back.

But he was a bully center rush and the way he could knock the other team clean out of the field was a cushy job but alas one day he was discovered.

Throo a accident on the foot ball field he was axidently hurt his leg being axidently sprained and his arm being axidently twisted and one rib being axidently cracked and his nose being axidently twisted on wich made it bleed and spread out on his cheeks and his rite ear also was axidently tore loose from his head besides wich nearly all of his front teeth was axidently swallowed by him, they having been axidently strewn on at the same time his nose was.

So they got a ambulance and took him home and his ma fainted and his pa had to come home from the school and they had six doctors who charged like fury.

And the boys pa and he would whip him if there was a place on him that was well enuff to whip on.

But finally the boy recovered and what would you think? One day when he and his pa and ma was going along they met a number of brigands who sat half on your lives and drew revolvers and knives. But the boy shouted six sixteen forty two eight and ducked his head and sailed into the brigands and drew them all over the town and killed the worst of them.

Then you bet his pa and ma was sorry they had sent such harsh things to him for learning to play foot ball for it hadnt been for that maybe they would all three have been captured and carried away to the brigands den and held for ransom.

But this even they have new rules can hunt the other fellows is to wait till they leave the grounds and hit them with a brick.

And unkel Bill sez if he had a boy that grew long hair he would hussel him into foot ball team quick as scat for he mite show symptoms of being a poet.

ATTENTION, INVESTORS!

It is now possible for persons of moderate means to become interested in the Divided Ownership Bonds of the Trust Company. The title is deeded in Trust, making it safe. The income is making it profitable. The bonds are readily sold, without delay or trouble. Permit us to explain.

THE TRUST COMPANY

Fourth and Spring Streets.

THE PATH TO THE PAST.

The narrow path that we need to lead straight away from the past, and down the lane to the present, and where for our coming the future wait.

Between its borders of grass and soil it bore the prints of our feet. That steady, sure blithe tread, early down, or lagged along in the pulsing moon.

Above our heads curved a road of moon. Where oft we saw the gleam of moon. Go drifting by with the moon.

That sailed away to the past. From nodding thistle and mistle. The roadways larks through the mist. Mer sang.

And from the stubble of harvest. The bob white's call through the stillness rang.

O little path of the long ago. I've wandered far from your dust. And stumbled off in my journey. And lost the key to my past.

But now, and then in my dreams. I stand once more by the wall. And hear again from the harvest. The cheerful sound of the call.

—Adela W.

LET SOMETHING GOOD BE.

When over the fair face of the moon. The shadow of disgrace that instead. Or words of blame, or proof of sin. And so.

Let something good be said. Forget not that no fellow-being may fail; so low but love may mend. Even the cheek of shame was said.

If something good be said. No generous heart may value said. In ways of sympathy; no dead. But may awaken strong and glad.

And so I charge you, by the dawn. And by the cross on which the blood. And by your own soul's hope of renewal.

Let something good be said. —James Whitcomb.

AUGUST CIRCULATION.

THE TIMES.

The following are the average circulations of the various newspapers published in the State of California, during the month of August, 1934.

MUSIC AND THE STAGE.

Not singly, but by twos and threes, musical clubs of the city are into line for the serious work of the Club, representative members, has already out program for the first concert which will be given in the middle of the month.

Rehearsals are in progress, under the direction of conductor, J. B. Poulin. The feature of the program will be the opening recital will be the first of the highest music. About 100 numbers, chosen to attract a large variety in the program.

The Orpheus Club, under the leadership of Joseph J. Dupuy, has started work, making its headquarters at the Gamut Club building.

The "working force" of the club will number about sixty, and the Orpheus Club will have fifty members.

Miss Adele Dillon made a successful debut in grand opera at Milan, Italy, last night, according to a dispatch received by The Times.

The soprano role in "Lindbergh" was played by Miss Dillon, ex-Judge Dillon, who was also a successful opera singer.

Local musical circles will be greatly interested in the death of Mrs. W. Lott, which occurred yesterday morning at the Good Samaritan hospital.

Mrs. Lott, who suffered from a long illness, died at the age of 65, after a long and painful struggle with the disease.

FIRE SWEEPS BIG AREA.

(Continued from First Page.)

of pure air and murmur a prayer of thanksgiving.

No words can express the bravery of the little woman who buried the head of her little baby girl in her breast and struggled through that helli gas. Luckily, the little daughter of Mrs. Reynolds was at school in Newhall.

REACHES STANDARD OIL.

Back in the cañon the big boiler-house, pump-house, barns and blacksmith shop of the Standard Oil Company were smoldering ruins. By some miracle the residence of Superintendent Clay Reynolds escaped but the house that had been occupied but a week by the Wellingtons was entirely destroyed. One-half mile above the pumping station was the ranch of Mr. Gibbs. By heroic efforts he had been able to save his house. He started his pump and sent a team of horses to the top of the cañon where the first engine of flame curled over the ridge above him and his wife courageously carried water. Still further up the cañon a house occupied by an old miner who was prospecting in the hills was burned and strange to say an apary 200 miles away owned by F. G. Teachout, escaped, although the underground surrounding his fire-break was entirely consumed.

ON TOWARD NEWHALL.

From the Placita the fire burned into what is known as "The Elmore," and then ate its way into Longwood Cañon and on toward Newhall, passing that place on the southwest. At 2:30 o'clock the wind changed and blew in directly the opposite direction, coming from the south. It was the sea breeze coming strong and the two wind battles for supremacy on the ridge and finally the cooler air current drove the north wind from the desert upward and for a time checked the sweep of flame and even drove it back into the foot of the Soledad. With its abatement at sunset the north wind again held sway, and its repulsed force of flame and drove them on to ruin.

A great fight was fought on the Newhall ranch which extends on either side of Fremont Pass. The houses of Duarte, E. Huma, C. Price and K. Rivers were saved only after desperate struggles by a stubborn group of firefighters led by the superintendent of the Newhall ranch. It was in this section that many poles of the Kern River power line were burned down.

RUN FOR THEIR LIVES.

In the first cañon south of the Placita A. S. McDonald with his wife and little girl had a run for their lives. McDonald has a forty-acre oil and mineral holding there and had just completed this year's assessment work and was preparing to return to Los Angeles today. He came on in his night's train, a tired, grimy but thankful man; thankful for the wife and baby who dozed beside him as he talked to a "Times" reporter in the Pullman car. His house and barn in the cañon were destroyed.

DESTRUCTION OF PICO.

The destruction of Pico was graphically told to a "Times" reporter by Ernest Moore who paused in his fighting in Fremont Pass. "The fire is supposed to have started from the gas in one of the wells," he said. "The place at once became a torch-light guide as oil derrick after oil derrick leaped skyward in flame until twenty-four of them had been consumed. The residences of Will Hitchcock and Will Hicock were licked up along with a lot of employes' shacks, barns and outbuildings. When the tank containing 60,000 barrels of oil tried to build a fiery ladder to heaven we all thought that our fight to save the Standard Oil Company buildings was hopeless. In fact, for a while it looked as if we would mount that ladder along with everything else. The heat was terrible but we stuck it out and the flame, through God's will, stood straight. We saved the boiler-house, the office building and the machine shop and the residence of Superintendent Walton Young. You should have seen Walton Young's wife, the housekeeper and Mrs. Tony Cochran carrying water for the men to throw upon the smoking place. I tell you it was heroic. Finally the fire flattened out and died a natural death in the hills about midnight and we lay down in our clothes under the sky and slept until morning.

RACE WITH DEATH.

William Hitchcock raced with death until his horse was exhausted in Elmore Cañon, Thursday afternoon. In the Pico fire he barely escaped the flames.

Hitchcock was riding for succor when he saw the fire keeping pace with him along both sides of the cañon. Then it began to gain. In a short time the flames were closing in from both hillsides.

Hitchcock urged on his horse. For more than a mile he kept up the race. The animal was an old one and his rider had been crowding him hard all day. At the end of a second mile he began to flag in his pace. Near the end of the cañon Hitchcock was forced to abandon him and run madly for safety. He reached a secure spot only when he was entirely worn out.

Residents of Newhall feared that the old prospector who occupied the Smith ranch-house in the Placita had been caught in the hills by the flames. At a late hour last night he had not returned to Newhall, so it was feared he would. When he left on his day's hunt for pay dirt he had neither food nor water and was going but a few miles away.

MANY CATTLE IN DANGER.

Six thousand range cattle were in danger of being overtaken by the fire at midnight. These cattle have been running in the territory between Rios Cañon and Chatworth. Late last night the flames were sweeping over their feeding ground.

L. L. Vigne of Los Angeles owns 4000 of the stock. A. C. Swaller owns 2000 head. In addition to these Mrs. M. Naud is said to have something over 1000 young steers in the threatened district. Should the fire continue in the course it was taking up to midnight all this stock will have been killed unless ranchmen have driven them to safety.

On the road between Fremont Pass and San Fernando cattle which had been driven from the burned district were being hurried down into the valley last night.

ESCAPE IN THE FIGHT.

Section men and extra guards, hurried to the scene of the fire, on speeder trains, fought hard during the day to save Southern Pacific bridges. Several of these structures between Newhall tunnel and Lang were kept intact only by heroic efforts. The trestle near Newhall was charred by the flames, which at one time drove its protectors onto the sleepers. All along the railway line in the burned district patrols were kept up during the night. Power company lines had men at work last evening repairing broken sections. The Standard Oil Company's agent had already made arrangements toward replacing its plant and property in the burned district last night.

Chief Dispatcher C. T. Bell of the San Joaquin division of the Southern Pacific left River Station at 9 o'clock yesterday morning on a light engine with a crew of linemen to establish telegraph connection at Lang. An effort was made in a section house that had escaped the flames.

"TIMES" MEN'S DASH TO A WEIRD SCENE.

A SWIFT ride in a big White steamer, ending in a dash over a flame-girded mountain pass, brought a party of "Times" men to the scene of the fire. A wider ride in the night, over a road lit by giant torches, brought them back to Los Angeles.

From the San Fernando Valley showed a pall of dirty brown smoke, lighting in places into orange. And then came thin red lines of flame. The fire was just crossing the summit of the range.

The road steepened from the town of San Fernando and crawled up a gut of the hills. Ahead the smoke thickened and bore down in pungent clouds. Through one of these came another auto.

"You'll have to crowd things to make the pass," came from one of its occupants.

Five minutes later around a bend of the road the fire showed its teeth. The red line had become a series of huge billows, whose tops writhed and gave off flecks of orange. They came tumbling down the steep hillside. A steep down grade with a bit of swift coasting took the party into clear air again; then on into the town of Newhall, depopulated now, save for a party of weary, sweat-dripping men came in for food or to fill their canteens at the water trough.

The night ride back was weird. The sun had long since dipped into the smoke, a blood-red ball; then vanished behind it as though extinguished in the pall. Darkness showed a thousand red patches on the mountainsides. Coming from Newhall over the pass the auto shot its light streams into a strange murky glow. And at the narrow cut at the summit the machine leaped into the road, lit up by a thousand monster torches, while the fire which had swept over the crest of the range and turned to the south was coming back lower on the hillsides with a change of wind.

It moved along, silent, sinister. It came swiftly. And it crossed the road in crawling lines as were a hundred before. This time tall red flame columns reached skyward, twisting and forking at their summits. They hung close to the roadway. And when the auto, coasting swiftly, reached the steepest place, it plunged between two of these columns. They blasted the skin with their touch, and overhead they leaned toward one another and joined their tops in a moment that were gone, the thick smoke hanging behind them.

From Cañon station, 2 miles away, these flame-pillars still showed as though they had stood fast in the one place. They reared upward and then themselves in the night. All along the black hillsides were other flames, wriggling and beckoning. Between them, through masses of smoke, showed a mountain crest, ragged and marked with cruel scars which even the thick enveloping smoke pall could not hide.

TWO LINEMEN HANG IN AIR.

Fast Car Hurled Tower from Under Them—Horses Killed and Man Injured.

One man was seriously hurt, a score of passengers were jarred, and two horses were fatally injured in an accident on the University-Garvans line of the Los Angeles Railway Company at 11:30 o'clock yesterday morning. That no one was killed seems remarkable.

Swinging around the curve on Marmon Way, at terrific speed, a University-Garvans car, south bound, plunged into an emergency tower standing on the tracks at Avenue 42. Walter Hempel jumped just before the crash and sustained a wrenched back, sprained wrist, and minor bruises. Another passenger jumped but escaped unhurt. Two linemen, at work on the tower, clung to the copper trolley wire and hung suspended as the truck was hurled from beneath their feet.

Those who witnessed the accident say the emergency tower, standing directly on the tracks, was in sight from the car forty yards before the wheels ground the horses and wagon into a tangled mass of wreckage. The horses were facing the oncoming car and it was impossible to drive them off the track, because of the speed of the car. The men could only save themselves.

There is a curve in the tracks where the accident occurred, and it is thought the motorman became confused as he suddenly saw the men and horses ahead of him. The company operates its cars over its own right of way for a considerable distance on Marmon Way, and it is the custom for the men to make up time over this particular stretch of track.

POKER GAME RAIDED.

Police Burst Through Door and Capture Players in First Street Resort.

Sgt. Dixon and Patrolman Peterson raided a poker dive at No. 345 East First street about 12 o'clock last night and captured seven players. For some time the police have been aware that a game has been running at the place in room No. 64, but they have been waiting convincing evidence.

After watching the players for some time last night Sgt. Dixon kicked in the door and entered. Every man in the room seized his stack of coin and only \$3.75 was left on the table.

The police say the men were playing with silver instead of chips.

The participants in the game asked the officers to allow them to walk to the Police Station, instead of being taken to jail in the patrol wagon.

As they were passing through the hallway the police saw a man thought by them to be employed at the City Hall made his escape, breaking his legs that he would go with them to the station. Those in the game gave their names as Isidore Roth, A. Williams, H. Applebaum, V. Karbi, George Thomas, M. Baker and Louis Ludington. Each was released on \$15 bail.

"THIRTY" FOR GILLAM.

Well-Known Los Angeles Telegraph Operator Dies Suddenly of Heart Disease in Oakland.

Marcus C. Gillam, a telegraph operator well known in Los Angeles and in the East, died suddenly of heart disease yesterday in Oakland, whether he went on a vacation from his duties in this city about a month ago. News of his death came as a prostrating shock to his wife at the family home, No. 1621 Council street, Thursday.

Mr. Gillam was 49 years old and was a native of Quincy, Ill. He came to Los Angeles with his wife about three years ago and was employed in the Western Union main office and as a press operator in The "Times" office. He was extremely popular with those who came in contact with him, and his sudden passing is mourned particularly by his former associates of the telegraphic and newspaper fraternity. The remains will be brought to Los Angeles for interment.

JAMES O'DONNELL DEAD.

James W. O'Donnell, a machinist, brother of Assistant Fire Chief George E. O'Donnell, died at his home, No. 230 Crocker street, yesterday. He was 42 years old, and was born in East Boston. He never married, but lived with his aged mother. His father was the late P. M. O'Donnell. The deceased was a brother of Mrs. M. E. Taylor, of Los Angeles. The arrangements for the funeral have not been completed but the burial probably will take place Monday.

UNDELIVERED TELEGRAMS.

There are undelivered telegrams at the office of the Postal Telegraph Company for: R. C. Ceviner, Juda Caldwell, Mrs. J. E. Dunn, Thomas J. Fly, W. B. Gibson, E. P. Gaylord, Mrs. George W. Grandy, Alvin Hoyer, E. Kado, R. Leederer, B. R. Laber, Spino Marsha, W. L. Nelson, Frank Spaght, Mrs. Pearl Ryan, J. G. Rombold, Mrs. Charles Strong, H. C. Stratton.

DEVEREAUX PITCHES.

Heavy Hitting Wins for Seattle and Oakland's Poor Fielding Helps Her Lose.

(BY THE ASSOCIATED PRESS.—P.M.)

OAKLAND, Oct. 5.—A home run, one three-base and two two-base hits and three singles, all in the fourth inning, won the game for Seattle, today, by a score of 8 to 3. Oakland's poor fielding work contributed largely to this result. Hopkins was taken out of the box after this onslaught, and was replaced by Devereaux, who allowed but two hits. Score:

Ridgway's

First Number Out Today

Get It Early

Published from fourteen cities simultaneously this morning

EACH copy the same except the local section and brimful of the week's happenings, flashed by wire from all points of the country up to going to press.

The big events of the week featured in national editorials contributed by telegraph by fourteen editors throughout the country up to midnight Friday, shaped up by Samuel Hopkins Adams and his associates in New York, and telegraphed back to all the branches, for publication this morning.

Ridgway's is the newest thing in modern journalism. It is published by twentieth century methods for twentieth century people. Edited by telegraph, and in your hands a few hours after going to press. It is an epitome of the vital important things that concern the nation with their real significance made clear.

The magazine section is good. There are excellent stories, well illustrated, several articles, plenty of humor of the sort that lingers in the memory.

The illustrations are a big feature. 16 pages of half-tones printed on super paper depicting the important occurrences in Business, Politics, Finance, Sports, Society and the Drama.

W. Gilmore Beyer contributes a brilliant short story, "The Left Handed House," splendidly illustrated.

William Travers Jerome, New York's District Attorney, writes an answer to an absorbing question, "Is the Political Boss Doomed?"

Joseph Conrad begins his great serial story, "The Secret Agent," a story that will interest and fascinate.

Martin Egan conducts the Washington Bureau with a staff of 12 editors, contributing the latest news from the Capitol. Every department of the government service under review by bright, crisp, writers.

There are 4 pages on national topics of the week, 4 pages of national editorials, 8 pages of local happenings in your district, 16 pages illustrating current events, 8 pages from the Washington Bureau, 4 pages of humor, with additional pages of general articles and sketches, making 64 pages in all.

Nazarenes May Take Action
on Consolidation.

Dolgeville Bethlehem Hall Is
Completed.

Growing out of the excellent work of
T. C. Horton, Bible teacher of Immanuel
Presbyterian Church, a Bible
Training Institute has been organized
in this city to continue for an indefinite
period.

The institute will open in Central
Presbyterian Church at 2 o'clock after-
noon at 2 o'clock, and will meet regu-
larly thereafter on Monday, Tuesday
and Friday afternoons. The object
is to train men and women for Chris-
tian work, on entirely non-sectarian
basis, and without payment of tuition.
The principal instructors will be:
Rev. A. B. Frichard of Central Pres-
byterian Church, Dr. B. C. Atterbury
(St. D.) of the First Presbyterian
Church, Pasadena; T. C. Horton, Bible
teacher of Immanuel Presbyterian
Church. Special lectures will be given
by prominent Bible teachers on Fri-
day afternoons. The services of these
gentlemen are at the disposal of the
churches of the city, and young people
and others of the congregations are
cordially invited to the institute.

The course will embrace outline
courses of the Bible, personal work,
Bible doctrines, dispensational truth,
union studies and popular themes,
including Christian workers for serv-
ice in this or other lands.
T. C. Horton will conduct the out-
line study at 2 o'clock each Monday,
personal work at 4 o'clock; Rev.
A. B. Frichard will teach on Bible
doctrines at 2 o'clock each Tuesday.
C. Atterbury will conduct the union
study class at 2 o'clock on Fri-
day, and selected speakers will lec-
ture on dispensational truth at 4
o'clock. Information may be ob-
tained by addressing Mr. Horton at
Highland Park, or Mr. Frichard at No.
41 West Fourth street.

NAZARENE ASSEMBLY. MAY DISCUSS UNION TODAY.

The business session of the Nazarene
Assembly was devoted to
hearing reports from the
churches in the northern part of
the state, and in discussions arising out
of these reports.

The legislative committee has in
mind to take action on the
petition of the Association, and it
is possible action will be taken on their
report today. The plan being devel-
oped is to choose a committee and en-
dorse it with full power to act in the
future. In May, 1907, both bodies
will meet in Chicago, and those in po-
sition to know that the Nazarene
Union at Fullerton, had been serious-
ly and possibly fatally injured in a
wayward accident. Mrs. Ames has
a faithful attendant at the Nazarene
meetings, and the people gather-
ing for the afternoon session of the
assembly were called to the altar to
prayer, the restoration of the Na-
zarene Union. The scene was a phe-
nomenal one.

Session of the assembly in the
evening was a conference on the
subject of E. A. Givins presiding. The
addresses were made by Rev. C. W.
Upson, Rev. C. W. Ruth of
Worcester, Mass., and Rev. Phoebe
Horton of this city.

BETHLEHEM ACTIVITIES. DOLGEVILLE HALL READY.

The social hall of the Dolgeville
Bethlehem Institution will be dedi-
cated on Sunday evening, October 14,
and will thereafter be the social cen-
ter of Dolgeville.

The ground upon which the build-
ing is erected was presented to Dana
Barlett by H. E. Huntington, for
the purpose of the Bethlehem Idea
in the new manufacturing town, and
the social hall is only the beginning.
The other activities will follow in
due season. The interests of the children
have not been overlooked at the start,
and a playground has been equipped
with their special benefit.

A SONG CYCLE. "IN A PERSIAN GARDEN."

The choir of the Church of the
Nazarenes will repeat Liza Lehmann's
song cycle, entitled, "In a Persian
Garden," on Sunday evening. At the
first rendition of the composition so
many persons were turned away that
it was determined to repeat it. The
change will be the substitution
of the Fieda Rose as soloist, in
place of Miss Benson. The com-
position is of great beauty and
will be finely rendered by Mrs. F. H.
Rose, Miss Fieda Rose, John Hase
and Charles Borres; F. H. Col-
lier, director and accompanist.

RELIGIOUS BRIEVITIES. MISSIONARY FROM ALASKA.

The Rev. Jules Prevost, who has
been for nearly fifteen years in charge
of the work of the Episcopal Church
among the Tassan Indians of Alaska,
is starting in this city, and will speak
tomorrow morning in All Saints'
Church, Highland Park, corner of Ave-
nue 10 and Ash street. Mr. Prevost's
missionaries in Alaska were at the
service of the Tenana and Tukon
tribes, which is one of the most suc-
cessful missions in Alaska.

Rev. Robert Lloyd Windsor will be-
gin a series of Monday evening lec-
tures on Sunday-school teachers, in St.
Paul's parish hall next Monday even-
ing. The lectures will be studies of
the life of Christ.

The vespers service at the Young
Men's Christian Association on
Monday afternoon at 4 o'clock will be
conducted by the secretaries. Miss
William will sing. All women
are invited.

E. McVay will be the speaker at
Sunday evening meeting of the
Nazarene Mission, No. 14 North
Fourth street.

Cal Ogburn will address the
meeting at the Young Men's
Christian Association on Sunday after-
noon.

First United Presbyterian Church
occupies its new Sunday-school
in the uncompleted church at
Highland and Figueroa streets, tomorrow
morning. The work on the church is
being pushed to completion.

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from
grapes, refined to absolute purity, is the active
principle of every pound of Royal Baking
Powder.

Hence it is that Royal Baking Powder
renders the food remarkable both for its fine
flavor and healthfulness.

No alum, no phosphate—which are the
principal elements of the so-called cheap
baking powders—and which are derived
from bones, rock and sulphuric acid.

ROYAL BAKING POWDER CO., NEW YORK.

of the Magnolia Avenue Christian
Church last night. There was a short
musical and literary programme.
Those who had a part in the exercises
were the Angelus Male Quartette of
the Eastside Christian Church; Miss
Hudson, reader; Mr. Miller, violinist;
Miss Anderson, soloist. A novel fea-
ture was a chorus of six young women
in flower costumes, who sang popular
melodies.

The children of Christ Episcopal
Church last night rendered an opera-
etta entitled "A Trip to Europe," in
the Camut Club building on Hope
street. The children were drilled by
Mrs. Eugene Torrey.
Rev. Arthur S. Phelps will begin a
series of sermons to young women to-
morrow evening in Central Baptist
Church, when his subject will be "The
Popular Girl." The men's Baraca
class of this church has chartered the
Dreamland rink for a skating party
on Monday night.

DECISION BY TELEGRAPH.
Lurid Words Part of Testimony in a
Damage Suit Against an Install-
ment Company.

Justice Downing sat in the township
court yesterday for Justice Young to
hear the case of Mary Smith against
the Pacific Outfitting Company for
\$299.99 damages for refusing to de-
liver goods bought on the installment
plan.
The trial was full of naughty words
and at the end Justice Downing said
he thought he would render his de-
cision by telegraph and reserved it
until tomorrow.
The defense of the company was
that Mrs. Smith gave the names of
references as to her responsibility, but
when they were looked up they were
not complimentary to Mrs. Smith and
in consequence the company refused
to deliver the goods until they were
paid for.

It developed that when Mrs. Smith
called at the store of the company for
the goods the wife of the manager
called Mrs. Smith some names which
the latter repeated to the court.
Then Manager Mark Levinson tes-
tified to an interview with Mrs. Smith
in which the latter called him some
names which were fierce.
"I told the lady, Judge, that she

EIGHT KILLED BY EXPLOSION.

Philadelphia Gas Subway Is
Wrecked by Combustion.

Ruin and Death Wrought in
Heart of Quaker City.

Windows Shattered for Seven
Blocks—Damage Heavy.

(BY THE ASSOCIATED PRESS—P.M.)

PHILADELPHIA, Oct. 5.—A terrific explosion of illuminating gas in the subway of the Philadelphia Rapid Transit Company, under construction at Sixth and Market streets, today, resulted in the death of eight men, the injuring of about a dozen others and caused property damage that will run into thousands of dollars.

Besides the eight men known to be dead, it is said that at least three others are buried under tons of earth in the wrecked subway.

Extraordinary efforts are being made to clear the excavation, but it will be some time before this can be accomplished.

The explosion occurred shortly before seven o'clock this morning, and in consequence the early hour but a few workmen had gathered.

The explosion was caused by a leak in a city gas main that had been improperly repaired last night. The escaping gas formed a pocket in the subway and it is believed that a workman carrying a lantern into the great hole, ignited the gas.

The corner of Sixth and Market streets is one of the busy sections of the city, but there fortunately was little traffic there when the explosion occurred.

About a dozen workmen were grouped near a large derrick and five men are believed to have been in the subway.

SUBWAY IS WRECKED.
The force of the explosion wrecked the subway for half a block and all the heavy timbering and other structural work, including tons of earth, fell into the excavation.

A heavy rain during the night had slightly weakened the walls of the excavation and added to the damage. Just as the gas blew up, a double-track dirt-car was being driven directly across the corner of the subway by a driver of the Millard Construction Company which is building the subway.

The vehicle, horses and man were blown high in the air and the horses and cart fell into the hole. The driver landed in the street and was only slightly hurt.

Several of the workmen who were standing near the derrick were blown across the street and injured, and a number of pedestrians were hurt by falling glass and signs from the tall business houses on both sides of Market street.

FLAMES BURST FORTH.
Those portions of the subway that were not covered with dirt burst into flames and for a time no persons dared venture near the place for fear of further explosion.

Firemen were working on the spot, but it was of little use owing to the fact that the flames were shooting from the gas pipe and a large gas main. Dirt was then resorted to and in the course of a couple of hours all the flames had been extinguished, except those from the large main. This was not put out until nearly 10 o'clock, and only after a fire had been dug in the street near the subway, where the main was plugged.

As soon as the fire had been extinguished and all danger of a further explosion had passed, hundreds of men were put to work clearing out the wrecked subway.

MUCH DAMAGE DONE.
While the damage done to the subway, to the city's gas and water mains and to the electric light and telephone conduits was considerable, it will not compare with the destruction wrought to surrounding property.

From First street to Seventh street, on Market, and for half a square on Sixth street, both north and south of Market street, not a whole pane of glass is left. All the large plate glass windows were broken and thousands of dollars worth of goods in the show windows were damaged.

Dosses of signs were blown from the roofs and walls of buildings and it is considered remarkable that not more persons were killed. The vicinity of the explosion is roped off and business within the affected area was temporarily suspended.

MINERS PERISH IN COAL MINE.

Disastrous Explosion at
Blossburg, N. M.

Exact List of Dead Uncertain—One
Body Recovered so Badly Mangled
That Identity Is Not Established.

Mine Well Equipped, and Cause of
Combustion Not Known.

(BY THE ASSOCIATED PRESS—A.M.)

RATON (N. M.), Oct. 5.—A disastrous explosion occurred early today in the Dutchman coal mine at Blossburg, a small camp five miles from Raton, in which five miners are supposed to have lost their lives.

Three bodies have been recovered. One man was taken from the mine alive but so mangled that he was unrecognizable and died shortly afterward. Another recovered is reported alive, but fatally injured. The cause of the explosion is unknown.

The mine is owned and operated by the St. Louis, Rocky Mountain & Pacific Company and is well equipped with all modern electrical appliances. The work being performed is mostly development and the company works about fifty men on the day shift. The night shift of fifteen men was working when the explosion occurred.

BEGS FOR CRITICISM.
First Excludes Dramatic Critics and
Then Poles for Their Caustic
Notices.

(BY THE ASSOCIATED PRESS—A.M.)
NEW YORK, Oct. 5.—A London dispatch to the Times states that Manager Boucher of the Garrick Theatre, who when he produced "The Mists of Mars" early in September, practically excluded the dramatic critics from the theater, has repented. He now writes to the editors of the London papers and humbly entreats them to allow criticism of the play.

The chances are that the editors will retain their Bismarckian attitude toward Boucher and let him continue to stew in his own juice.

Free Excursion

Moneta Avenue Home Tract

The greatest bargain sale of the year will take place on the grounds Monday, Oct. 8th, but don't wait for that. Go today and make reservations. We have taken 250 large lots to sell and we are going to sell them at prices that will double in a short time. Here are our prices. Compare them with all others in the Southwest

Imagine Physicians Are Cutting
Pupils' Throats—Call the Board of
Health "Murder Doctors."

Doors and Windows Battered in,
and Police Seriously Injured.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Oct. 5.—Believing that the "murder doctors," as they called the Board of Health physicians, were cutting the throats of the children, in a public school in the Williamsburg section of Brooklyn, 1500 women, nearly all of them Italians, stormed the school building in a mad effort to reach the little ones today.

Before the riot had been quelled several policemen had been seriously injured by the infuriated women and one of the rioters had been arrested.

For several days physicians of the Board of Health have been examining the eyes and throats of the pupils. A contagious affection of the eyes had spread from the homes of the Italians in the vicinity of the school, and the doctors were directed to make an investigation to learn the cause and exterminate the disease.

Many of the pupils, upon going to their homes, told their parents that the "murder doctors" wanted to cut their throats, and a frenzy that would not listen to reason spread among the mothers of the pupils.

Today they decided to make an investigation in a body and marched to the school building, 1000 strong. Teachers, who were warned of the approaching trouble, locked the doors and the women, who were determined efforts to batter down the doors. One panel had been smashed when the vanguard of the police squad appeared upon the scene and sought to put a sudden end to the trouble.

The women turned upon the policemen, tore their clothes, scratched their faces and put them to rout before a detail of fifteen more officers reached the scene. When the reinforcements

"The Deadwood Coach"

Is the greatest stage robbery short story ever written. It is by C. P. Connelly, author of "The Story of Montana," and appears in the October number of the West Coast Magazine (the great, new Los Angeles magazine, beautifully illustrated) now on sale at all news stands, price 5 cents. The number also contains "The Passing of Big Navies" by Edmund Mitchell and a new poem by John S. McGroarty, entitled "Snug Harbor."

PARIS, Oct. 5.—Thank Thal. King of Annam, according to stories reaching Paris from Indo-China, has again been guilty of such atrocities that the French government may be compelled to adopt rigorous disciplinary measures as it did several years ago when, on account of the scandal caused by the barbarous torture of the King's personal attendants, the French residents at the head of the gendarmerie entered the palace to save the lives of the attendants and restore order.

The mails now report that in August the King was seized with a homicidal mania, ordered seven of his wives to be executed, and looked on with delight while they were slowly tortured to death. A few days later the King shot down a Prince who was 70 years old.

REGRET TO LOSE LINNARD'S WORK.

LEADER OF PASADENA BOARD OF TRADE RESIGNS.

Directors Reluctant to Accept His Notice of Withdrawal, Owing to Great Success That Attended His Efforts to Meet Needs of the City. Bertonseau May Succeed Him.

Office of The Times, No. 28 E. Raymond Ave. PASADENA, Oct. 5.—At the meeting of the board of directors of the Pasadena Board of Trade, held at Hotel Maryland, this morning, the resignation of President D. M. Linnard was acted upon and accepted. It was with reluctance that the members of the board took the action which deprived them of their president, but Mr. Linnard made it plain that it would be impossible for him to continue in office longer, much as he enjoyed the work.

Press of private business is the reason given by Mr. Linnard for his action, and the members of the board realized that it would be unfair to ask him to longer sacrifice his own interests.

Prior to the last annual meeting, Mr. Linnard stated that he could not consider reelection but so much pressure was brought to bear that he finally changed his mind and accepted the office. After securing control of Hotel Maryland, Mr. Linnard stated that he would have all that he could attend to so he placed his resignation in the hands of the board.

Mr. Linnard has been one of the most popular and active presidents that the Pasadena Board of Trade has ever had and his resignation is much regretted. He is a man of high character and a man who would be willing to be a figure-head officer however, and when he found that the board was not prepared to accept his resignation, he withdrew.

Under Mr. Linnard's guidance the Board of Trade was extremely active and it is felt that Mr. Bertonseau would be just the man to take up the work where the retiring president leaves off. He is intimately in touch with all municipal conditions and is thoroughly in sympathy with the policy of the Board of Trade as it has been directed under the administration of the outgoing president.

In all probability Mr. Linnard's successor will be A. J. Bertonseau, vice president of the Board of Trade. Mr. Bertonseau has been one of the most active officials in the organization and has been an able lieutenant to the president. He is thoroughly versed in the needs of the city and would make an able president.

Under Mr. Linnard's guidance the Board of Trade was extremely active and it is felt that Mr. Bertonseau would be just the man to take up the work where the retiring president leaves off. He is intimately in touch with all municipal conditions and is thoroughly in sympathy with the policy of the Board of Trade as it has been directed under the administration of the outgoing president.

WIFE ATTEMPTS TO KILL SELF.

LONG BEACH HUSBAND'S ACTS DRIVE SPOUSE TO DESPAIR.

Mrs. A. M. Spicer Drinks Carbolic Acid and Her Life Is Saved by Administration of Antidotes. Helpmate Alleged to Be a Heavy Drinker and Fond of Another.

LONG BEACH, Oct. 5.—Mrs. P. M. Spicer tried to commit suicide here tonight by drinking carbolic acid. Her life was saved by physicians. It is reported that her attempt at self-destruction resulted from the alleged drunkenness of her husband, George M. Spicer, and also because of his alleged fondness for another woman.

Mrs. Spicer is a bride several weeks, having recently come here with her husband from Utah. According to information given out by the police, Spicer is a hard drinker. His neighbors say that he tried to shoot up the neighborhood several nights ago. He fired one shot inside his home, it is said.

Late tonight it was reported that Mrs. Spicer was out of danger, the prompt administration of antidotes having prevented death.

YOUTH DIES OF INJURIES. Will Owens, the 13-year-old son of A. H. Owens, died at 1:30 o'clock this afternoon as the result of injuries received in the factory of the Long Beach Beach and Door Company, late yesterday. The young man had just been placing a machine belt and pulley with a long stick, when the stick was wrenched from his hand and struck him on the forehead, striking him forcibly on the left side. The blow was sufficient to throw him to the floor. Without loss of time he was removed to the home of his parents at No. 335 American avenue, where Dr. J. W. Wood rendered aid.

Late in the night he was stricken with peritonitis, which caused his death. Owens' father, mother, brother and sister survive him.

WOMAN BOUND OVER. This afternoon Mrs. W. T. Wilson was bound over to the charge of an assault with a deadly weapon on Wallace B. Belden, since deceased, having been shot at by Mrs. Wilson's husband with the same weapon which she fired at him. Mrs. Wilson was placed under bond in the sum of \$100, and her husband, Mr. Belden, was bound over to the charge of an assault with a deadly weapon on Wallace B. Belden, since deceased, having been shot at by Mrs. Wilson's husband with the same weapon which she fired at him.

Three witnesses were called, each testifying that on the night of August 13 Mrs. Wilson shot at her husband with the same weapon which she fired at him. Mrs. Wilson was placed under bond in the sum of \$100, and her husband, Mr. Belden, was bound over to the charge of an assault with a deadly weapon on Wallace B. Belden, since deceased, having been shot at by Mrs. Wilson's husband with the same weapon which she fired at him.

ANOTHER FOOTBALL VICTIM. Another of the victims of the "long and short men" became known to the Long Beach public today, when Joseph H. Todd identified a ring taken from him by the police. The ring was a valuable jewel, and was taken from him by the police. The ring was a valuable jewel, and was taken from him by the police.

ACID THROWN IN FIGHT. This morning a fight between two men was reported. The fight was between two men, and was reported. The fight was between two men, and was reported.

LA VERNE RANCHER MISSING. Mysterious and Prolonged Absence of Harry Waterbury Alarms His Friends.

LORDSBURG, Oct. 5.—Much anxiety is felt here over the mysterious disappearance of Harry Waterbury, a rancher of Lordsburg, who has been missing for some time.

Waterbury is a widower, about forty years of age, and resided alone in a small cottage on his twelve-acre ranch near the mouth of Live Oak Cañon. Three months ago he left for Bakersfield to work for the Edison Electric Company as a carpenter on one of their power plants near that city.

Waterbury, however, never reached Bakersfield, and his friends have made a fruitless search for him since he was last seen. Waterbury carried considerable money. He was in poor health.

The first arrest at Atlanta in connection with the riot of Saturday, September 2, when a mob of white men, was made yesterday, when William Edmondson, a butcher, was placed in jail on a grand jury indictment charging murder.

Waterbury carried considerable money. He was in poor health. The first arrest at Atlanta in connection with the riot of Saturday, September 2, when a mob of white men, was made yesterday, when William Edmondson, a butcher, was placed in jail on a grand jury indictment charging murder.

AMERICAN BANK AND TRUST COMPANY PASADENA, CALIFORNIA

I CURE MEN THEN WHY WAIT

Until your whole system is polluted with disease, or until your nervous system is tottering under the strain and you become a physical and mental wreck? With special diseases and weaknesses you can make no compromise. You must conquer them now by the right treatment, or they will fill your whole life with failure, misery and woe. Uncertain, improper or half-way treatment can only do harm. There is no cause productive of more sorrow, suffering and misery than neglected or improperly treated special diseases. In fact, the worst cases I have treated were those that had been improperly treated before coming to me, some having been maimed for life by bungling surgical procedures. I do not advocate such methods of mutilation or destruction in an effort to make a quick cure. Every afflicted man owes it to himself to get cured SAFELY and thoroughly.

I make no misleading statements or deceptive propositions to the afflicted, neither do I promise to cure them in a few days in order to secure their patronage, but I GUARANTEE a complete, safe and lasting cure in the quickest possible time, without leaving injurious after effects in the system, and at the lowest cost possible for honest, skillful and successful services. I cure

Weakness, Varicocoe, Contracted Disorders, Unnatural Losses, Stricture, Contagious Blood Poison and All other Diseases Common to Men.

I treat and Cure All Diseases Common to Men. You Pay Me When I Have Cured You. CONSULTATION FREE.

REPORT OF JOHN D. CAMPBELL, Nevada's Foremost Mining Engineer,

ON THE

Eagle's Nest Fairview Mining Company

To the President and Directors
The Eagle's Fairview Mining Company,
Goldfield, Nevada.

Goldfield, Nev., Sept. 16, 1906.

GENTLEMEN:

I beg to submit a brief report on the surface showings of the property owned by you in the Fairview District, consisting of the Tison, Eagle's Nest No. 1, Lookout and Lookout No. 1 claims.

This property is bounded on the north by the Dromedary Hump Mining Company, on the southeast by the Fairview Eagle Mining Company and the Nevada Hills Mining Company, and on the southwest by the Fairview Mining Company. In fact, it is the center and surrounded by the best properties in Fairview.

My examination of this ground was made for the purpose of deciding where we should do our permanent work and required quite a lot of consideration on account of the many good ledges which traverse our ground. I finally decided on a tunnel to be driven on a ledge which crosses the Tison, where we found an excellent showing. The tunnel starts at the base of the hill on which the ledge crops and will continue on its strike for a distance of 150 feet to our objective point—the apex of the hill and directly under the location post of the Tison. The ledge crops the entire distance and shows ore at the grass roots running 600 to 850 a ton. A second ledge running northeast and southwest and cropping for 200 feet, showing 300 to 400 a ton, will be intersected by this tunnel at a depth of over 100 feet.

On the Lookouts are several good-looking quartz ledges, which assay from a few dollars up, and which will be thoroughly prospected at once.

On the Eagle's Nest No. 2, there is a fine showing of manganese ore, and within a few feet of our line high grade shipping ore is being sacked on Wingfield's property.

In conclusion, I would state that in my opinion this is a first-class mining proposition and one of the very best showings in Fairview.

Respectfully submitted,
JOHN D. CAMPBELL,
Consulting Engineer, Vice-President and General Manager.

STRAY DOG Promoted in March at 55c per share, now 65c
INDIAN CAMP Promoted in April at 30c per share, now 60c
(Par, \$1 per share, is predicted for these two stocks by December 1.)

REPORT OF JOHN D. CAMPBELL, Nevada's Foremost Mining Engineer,

ON THE

As-You-Like-It Manhattan Mining Company

To the President and Directors,
As-You-Like-It Manhattan Mining Company,
Goldfield, Nevada.

Goldfield, Nev., Sept. 22, 1906.

GENTLEMEN:

In accordance with your instructions, I beg to submit to you a brief report on the "As-You-Like-It" group of claims, owned by the As-You-Like-It Manhattan Mining Company, and situated in the Manhattan Mining District.

This group consists of four claims, namely: The "As-You-Like-It," "Lizard Fraction," "Keystone" and "Juniper" lode mining claims, lying within a short distance of the Union No. 9 mine of the Dexter group and in the immediate locality of the Little Grey, Indian Camp, Stray Dog, and other well known mining properties of the camp. The area of the property comprises approximately 60 acres of valuable mineral land.

During the past month exhaustive surface exploration has been in progress, with the result that three veins of ore have been disclosed that prospect well at grass roots. With a view to exploring these veins at depth, three shafts have been put down—the deepest one having attained a depth of 39 feet. The bottom of this shaft shows values across its entire width and is all vein matter. This is known as the "As-You-Like-It" shaft, and will be continued as permanent workings to systematically explore the ore bodies at depth.

The "Juniper" shaft is down 37 feet and also prospects in gold for the entire width of the shaft. A depth of 17 feet has been reached on the shaft on the "Keystone" claim of the group, exploring a vein that traverses the Indian Camp mine and crops on the northwest portion of the "Keystone." This vein also shows gold in several different places along its strike.

The location of the property in the immediate vicinity of such well known and thoroughly proved mines as the Stray Dog, Indian Camp, Jumping Jack, Union No. 9, and Little Grey gives to it very great prospective value and warrants the prosecution of exhaustive development work so as to make a permanent dividend-paying proposition.

Respectfully submitted,
JOHN D. CAMPBELL,
Consulting Engineer, Vice-President and General Manager.

Both of these stocks will be listed on the important exchanges of San Francisco, Salt Lake, Goldfield and New York immediately after subscriptions are closed, and will, without a doubt, at once command a premium. We recommend both stocks as high class speculative investments and probable big future dividend payers. Reservations should be made by telegraph, to insure consideration, and remittances in full, by bank draft or certified check, must be forwarded immediately after allotment is made. Otherwise allotment will be rendered void. The right is reserved to reduce or refuse any subscription tendered.

ROCKEFELLERS REUNITED.

Second Annual Assembly of Family Association—Monument is Unveiled.

(BY THE ASSOCIATED PRESS—A.M.) FLEMINGTON (N. J.) Oct. 5.—The second annual reunion of the Rockefeller Family Association which began at the Courthouse here yesterday was attended by a number of Rockefellers from different parts of the country. The annual banquet was held in the

operahouse. Today the monument which John D. Rockefeller has erected in the cemetery at Larrierson's corner, in memory of his great grandfather, Johann Peter Rockefeller, was unveiled.

The inscription upon the monument reads as follows: "In memory of Johann Peter Rockefeller, who came from Germany about the year 1723, died in 1753. He gave this land for a burial place for his family. His descendants and his neighbors, when we sighted a lifeboat, which disappeared the following morning."

operation. Today the monument which John D. Rockefeller has erected in the cemetery at Larrierson's corner, in memory of his great grandfather, Johann Peter Rockefeller, was unveiled.
